INCOME TAX CUT UNLIKELY; RECORD DEFICIT PREDICTED

Final Road Links Slated for 1959

VANCOUVER (CP)—All remaining sections of the Trans-Canada Highway in B.C. will be under construction by early next year, Highways Minister Gaglardi said. Almost $42,000,000 will be spent this year on "the most scenic highway in the world."

'Batter Up!'

Premier Bennett is now the proud owner of a big-league baseball souvenir that would make any supporter of the game as happy as a .400 hitter. He has received a baseball mounted on a stand and signed by every member of the 1957 world's champion Milwaukee Braves. There's a bat to go with it. Inscription on the stand reads, in part, "presented to the Honorable William A. C. Bennett, prime minister of British Columbia, with every good wish . . ." He attended a game last year at Milwaukee as guest of Braves' owner Lou Perini. — (Colonist photo by Jim Ryan.)

Rail Strike

Peace Hope Held

MONTREAL (CP) — Rail union officers Tuesday night prepared for "certain discussions" aimed at solving the threatened strike of CPR firemen scheduled for Sunday.

After an all-day closed meeting of top union executives, it was announced that new talks are to be initiated by the unions which "may provide an approach to a solution."

But with whom the discussions will be held was still unannounced Tuesday night.

The rail union chiefs considered this next move amid an air of mystery.

Meetings were going on among different union groups in a midtown hotel, with no official willing to predict for publication what the next move might be.

However, it appeared probable there might be an exodus of union leaders to Ottawa today for a meeting with Prime Minister Diefenbaker should they be able to arrange one.

After a day-long meeting of chiefs of the major rail unions on the strike issue—with the paramount question whether they would support the firemen in the scheduled May 11 walkout—they broke up into two committees that continued separate discussions into the night.

Police Treat Hurt Messenger Boy

Injured in a collision at Douglas and Johnson about 5.20 p.m. yesterday, 16-year-old cyclist, Fred Westover, telegraph messenger, is lifted tenderly to stretcher by city police before being whisked off to St. Joseph's Hospital, where he was admitted for observation of an injured shoulder. Driver of the car involved was Robert Willis Kirkwood, 300 Richmond. — (Photo by William A. Boucher.)

Funds Run Out

OTTAWA (CP) — The government will present Parliament with a budget next month featuring the greatest peacetime deficit in history, it was learned authoritatively Tuesday.

There is no talk in federal quarters of any major tax cuts. But even so, current forecasts place the 1958-59 deficit at between $600,000,000 and $750,000,000. Some authorities believe it may go even higher.

RISING DEBT

The deficit, which will mean a rising national debt and stepped-up federal borrowing from the money market, would result from virtually stationary revenues and record expenditures of perhaps as much as $6,000,000,000.

First indication of the size of federal spending will come soon after the 24th Parliament is opened Monday. The book of estimated expenditures for the fiscal year that began April 1 likely will be presented within two or three days after MPs assemble.

FUNDS RUN OUT

The reason is that the government's current supply of funds to carry on business — obtained through Governor-General warrants—runs out May 15. To get new supply — this time voted by Parliament — the government must first present its estimates of expenditures on which to base its request for funds.

ADDED LATER

Supplementary estimates will be added later covering various decisions of Parliament reached during the course of deliberations. One of these supplementaries may deal with federal payments to provinces under the national hospital insurance scheme.

Bookkeeping on the government's spending during the fiscal year ended March 31 has not yet been completed. But indications are the outlays—including those for old-age pensions — came to about $5,500,000,000.

OPENING PURSE

Now the government is opening its purse to greater outlays on public works of various kinds to counter the impact of recession and the total bill may push spending perhaps to $5,800,000,000 or $6,000,000,000.

However, revenues are not expected to keep pace and the government will go deep into the red.

Imperial Against Pipeline

'Why Take Risk?'

Standard Oil Tie-In Mentioned in Hearing

CALGARY (CP)—Imperial Oil Ltd. said Tuesday that if it had thought a crude oil pipeline from Alberta to Montreal was possible and economic "we would have been chasing it before this."

The statement came from company president J. R. White of Toronto during cross examination before the royal commission on energy resources. He repeated his opposition to a Montreal pipeline was basically economic and was not connected with Standard Oil affiliates in Venezuela which are supplying the Montreal market with oil.

He said Imperial would not be willing to limit foreign imports at Montreal by voluntary quotas because such quotas are not desirable and would "lead to ultimate government control of the industry."

WHY TAKE RISK?

Asked if the company would sign a throughput agreement to take a certain volume of Canadian crude at Montreal, Mr. White replied:

"Why should we take the risk? Our signing would not be voluntary."

Mr. White denied a suggestion that Imperial, being part of an organization that had world-wide interests (Standard Oil Company of New Jersey), favored imports from Venezuela because of the profit motive involved in using the crude of associates.

He said Imperial operated independently and took its crude where it could be obtained advantageously under the laws of economics. Venezuela producers were providing the cheaper oil.

INFLUENCE CHARGED

J. J. Frawley, legal counsel for the Alberta government, disagreed and said:

"I suggest you have to have regard for the parent company when you make your own policy decisions."

He claimed that government intervention—by quotas or subventions—for the "good of the Canadian economy" was not necessarily undesirable.

The Canadian taxpayer was not "gasping" over the use of subventions to force Nova Scotia coal into the Toronto market with subventions to displace American coal, he suggested, and would not object to subventions on crude from western Canada.

Minister Quits

Ontario's public works minister William H. Griesinger resigned yesterday after opposition charges he had "made a killing" on gas shares he'd been given for five cents a share and sold for between $13 to $30 a share. Minister said he had 605 of the shares. (See page 3.)

It's Serious

Royal Threat Probed

KIRCALDY, Scotland (UP)—Police said last night they were taking seriously a bomb threat to "wipe out" Queen Elizabeth's "insult" to Scotland when she visits here next month.

The threat came in a note delivered along with a home-made gelignite bomb to 37-year-old journalist Alan McKay earlier yesterday.

The bomb, made up of 12 ounces of gelignite in a nine-inch-square box, was in "safe" condition when it arrived by parcel post, police said.

With it was a note warning, one we are contemplating using somewhere in Fifeshire on June 30, whilst perhaps not being of the same design, will definitely not be safe and will wipe "out the insult of June, 1953."

The note, signed "E.O.R.", also asked McKay to notify the Scottish public that "English insults will no longer be tolerated."

Queen Elizabeth and her husband, the Duke of Edinburgh, are scheduled to make a one-day visit here June 30.

Touchy Scottish nationalists have refused to reconize the Queen as Elizabeth the Second of Scotland.

'Won't Try to Get It Back' Health Minister Says

Mrs. Bea Zucco will not be billed for the $8,926 in social assistance payments she received during her eight-year fight to prove her late husband had silicosis.

Health Minister Eric Martin announced after a cabinet meeting yesterday that "it is not the intention of the government to file a claim for refund" against the award made to Mrs. Zucco by the Workmen's Compensation Board last week.

If a claim had been filed, and been successful, Mrs. Zucco would have lost more than half of the $16,650 she won in back compensation pension, back medical bills and lesser expenses. She also received a life pension of $75 a month plus another $25 a month for each of her four children until they finish school.

The decision not to claim against her compensation award sets a precedent because such a case has not arisen before, said officials of the health and welfare department. They added that her social assistance payments have been stopped because of the award.

Labor Minister Lyle Wicks, whose department includes the compensation board, made his first comment on the Zucco case yesterday.

"We never ruled for or against her right from the beginning," he said. "It was purely a decision based on medical opinion and then the autopsy showed something which didn't substantiate the medical opinion."

Asked if the government planned to amend the Compensation Act as a result of the case, he replied: "No, heavens, no! Just because of the publicity, we do not have to change our established practice."

Get to Summit by Steps Smith's Proposal to NATO

COPENHAGEN (Reuters)—External Affairs Minister Smith of Canada proposed to the NATO foreign ministers conference Tuesday that any summit meetings take place in series.

Usually reliable sources quoted him as saying that global problems were too complicated to be solved in one meeting and it also would be a disappointment to the peoples of NATO countries if one summit meeting failed to attain its objectives.

A summit meeting, therefore, should be considered the second in the series, following the conference at Geneva in 1955 among leaders of the United States, Russia, Britain and France.

Wanted

Someplace For Nothing

Wanted: A good spot to put a "Mile Zero" sign in Victoria so tourists will know this is the start of the 4,850-mile-long, Canada - wide Trans - Canada Highway.

George I. Warren, commissioner of the Victoria and Island Publicity Bureau, is the man looking for a spot to erect the sign.

"This is the western terminus of that great highway linking Canada together," he said yesterday. "Eastern terminal is St. John's, Newfoundland."

A special committee of the Victoria Automobile Club—President R. B. Wilson, W. R. Woodhouse, Frank Mulliner and G. Conway Harrott—are working to find a suitable location.

Two Escape At Oakalla

VANCOUVER (CP) — Two prisoners, one only 14 and the other 19, crashed through the metal gates of Oakalla Prison Farm Tuesday in a car stolen from a guard. Late Tuesday night they had not been recaptured.

The pair were identified as Alan Roy McKinnon, who will be 15 next week, and Alex Seminkiw, 19.

Park Tennis Out; Shuffleboard Makes It

Fifteen years ago the Chamber of Commerce suggested that shuffleboards be installed in Beacon Hill Park, and parks administrator W. H. Warren asked council to approve budget estimates for them.

His request was turned down that year, and the next year, and every year until this year.

Yesterday city council approved spending $850 on installation of two shuffleboard courts.

Mr. Warren wasn't so lucky with his renewed request for installation of tennis courts in Beacon Hill Park.

He wanted to spend $3,500 on initial work, half of the total cost of two courts. But Aldermen Geoffrey Edgelow and Austin Curtis both argued that existing tennis clubs couldn't find enough members, and council eliminated the estimate from the budget.

ALL ABOARD

With G. E. Mortimore

GLORIOUS scenery and the chance of a broken [illegible] to Prince Rupert.

The highway passes snow-capped mountains, chilly blue lakes and brown rivers foaming between canyon walls. But these natural marvels are too often hidden behind a curtain of dust, and when you do get a clear view of them, the washboard road makes them jump and quiver like a TV set with a diseased picture tube.

They continue to jump and quiver for several minutes after you stop to change a tire.

A fair stretch of Highway 16 has been blacktopped. Other parts have been graded to a decent gravel surface. But for much of its length, the road is either being rebuilt or in urgent need of rebuilding.

To give the highways department its due, however, road-making in this part of B.C. is a difficult job. Spring break-up and autumn rains turn the countryside into a quagmire.

A highway engineer needs mountain goat blood in him, along the canyons of the Bulkley and Skeena rivers.

Eventually, this will be one of the finest scenic drives in North America. But until the highways department wins its battle with mud, rocks and dust, I would advise you to leave your car behind and entrust yourself to the Canadian National Railway, which runs one train a day east and west.

That way, you can observe the landscape in full natural color without the risk of jarring your bones loose from their sockets.

I traveled CNR as far as Hazelton, where I stopped off. Then, like a fool, I decided that there were some people I had to meet at Burns Lake, 150 miles back. So I hitch-hiked.

Nothing Moved but Watch Hand

Spring was just breaking out, several weeks behind Victoria's. But the days were as hot and dusty as July. Standing beside an empty road with suitcase and typewriter, nothing moving but the small hand of your watch—that's my idea of a painfully dull experience.

However, I got from Hazelton to Burns Lake and back, without suffering any damage beyond sore feet and sunburned eyes.

At Hazelton I met an amiable truck driver who was going all the way through to Prince Rupert. I had started ahead of the train, so I decided to stay ahead, and rode the truck.

It was a spectacular journey on that narrow road teetering along the cliffside above the old Skeena River. I found it hard to believe that stern-wheeled steamboats had once climbed that brown torrent. In places it looked dangerously shallow and swift.

The poplars were unfurling their pale leaves. The snow on the mountains was melting into thousands of silver-white creeks.

Some of these were small vertical rivers, tumbling straight down for hundreds of feet in wet, shiny threads of foam, plunging into ditches and culverts and beneath the railway track, to swell the broadening Skeena.

Traffic was scarce. Each vehicle gave notice of its approach by a cloud of dust. This signal prompted the driver to step on the gas to get ahead of the other car, in a polite duel for position, in which the winner was rewarded with a clear road, the loser punished by a continuous cloud of floating grime.

Flag-Sitter

Although police banned May Day parades by French Communists, thousands joined in a mass demonstration. This enthusiast scaled traffic sign to wave French tri-color and Red flag but, finding it uncomfortable, quickly joined his fellow demonstrators on ground.

Train Tie-Up Next for U.K.?

LONDON (Reuters) — The threat of a rail strike is hanging over Britain today as thousands of Londoners for the third day walked to work in a city without buses.

Leaders of three rail unions representing 450,000 workers emerged pessimistic from a meeting on wage claims with Sir Brian Robertson, chairman of the British transport commission, which runs the nationalized railways.

Albert Hallworth, secretary of the Associated Society of Locomotive Engineers and Firemen, said: "There is a big gulf . . . . at the moment. We are not very optimistic."

The rail unions' leaders are under heavy pressure from rank-and-file members to obtain an immediate pay increase or take strike action.

But all the rail administration has been able to promise is a pay increase at some unspecified date if the unions will co-operate in big economies—including a cut in manpower and the closing of more than 30 rail lines.

Doenitz Blames Eisenhower For Red-Run East Germany

MUNICH, Germany (Reuters) —Grand Admiral Karl Doenitz, Hitler's successor in the closing days of the war, accuses Gen. Dwight D. Eisenhower of playing East Germany into the hands of the Russians.

According to his memoirs, "I Render Account," Field Marshal Viscount Montgomery, who commanded British forces on the continent, was prepared to accept the capitulation of German forces facing the western Allied armies while German forces facing the Russians were allowed to fight on.

OFFER REJECTED

But Eisenhower, commander-in-chief of Allied forces in Europe, rejected this German offer and insisted on unconditional surrender of all German armies.

"Eisenhower was still pursuing the purely military aims of annihilation and the occupation. I considered Eisenhower's attitude of Germany in conjunction with the Red Army," Doenitz said.

"Eisenhower stopped his advance at the Elbe. Eisenhower let the Russians conquer Berlin and as much as possible of East Germany, to May 23, 1945, when Doenitz was taken prisoner.

The extract deals with the period from April 30, 1945, when Hitler committed suicide appointing Doenitz his successor, to May 23, 1945, when Doenitz was taken prisoner.

Lion Death Probe Still On; Zoo Owner Leaves Funeral

NANAIMO — RCMP are still probing the circumstances connected with the escape of a lioness which struck down Maureen Vanstone, 8, on a roadside near a private zoo, last Saturday.

The victim of the attack by the escaped African lioness was buried yesterday in Cedar Valley Memorial Gardens after last rites in Brechin United Church here.

BROKE DOWN, LEFT

Paul Hertel, 48-year-old owner of the zoo six miles north of here, broke down and left the church before the half-hour services conducted by Rev. William Van Druten, were over.

The zoo owner, who was seemingly without fear of the huge African lions and snarling cougars at his zoo, told an inquest jury, Monday, the Vanstone girl's death under the claws of the escaped lioness hit him "like losing a daughter."

COURT ON FRIDAY

He is scheduled to appear in Nanaimo RCMP court, Friday, before Magistrate Harold Hine, on a charge of criminal negligence in the girl's death. He is free on $1,500 bail pending the police court appearance.

Evidence has been that most of the families living in the area where the lioness, "Fury," was on the loose, received no warning despite the fact the big cat was free for perhaps 17 hours before the fatal attack on the Vanstone youngster.

The lioness was killed by volunteer hunters three hours later.

The zoo owner said he asked his helper, Waldemar Jungenkrueger, to phone the Vanstones with the warning and was unaware the helper had talked by mistake to someone else on the phone.

The dead girl's parents, Dr. and Mrs. W. E. Vanstone, sat in a curtained anteroom during the funeral services yesterday.

Ultimate fate of the zoo where three remaining African lions and an elephant are among the inmates, is still undecided. SPCA opposition to the Hertel establishment and other private zoos is mounting in fervor.

Official opening of the zoo was scheduled for this Sunday, a ceremony that now seems unlikely to take place. At the present time a "Closed Temporarily" sign is posted on the premises from which the lioness escaped to deadly freedom.

Nearly 200 Compete at Festival

Busy, Busy Musical Day

By BERT BINNY

The sixth day of the current music festival was a busy one yesterday with eight sessions, 36 classes, close to 200 competitors and four awards involved.

Barbara Oldnall, 15, was a double winner as three of the five R. H. Pemberton prizes were awarded in the morning vocal classes.

With a mark of 87 Barbara won the girls' solo, high voice, 15 and 16 years. For the girls' sacred solo, she received her second 438 prize with 89 points.

Runners-up, Ann Cheetham and Virginia MacKay, were only one point behind.

Eleanor Graime won the other prize with 87 in the 12-and-under folk song class.

Shirley Russell's 91 led the sopranos 17-to-21 years.

Terry French won the light soprano class yesterday with 91. Rosa Robertson scored 90. In the dramatic soprano class, Muriel Smith received 90.

At St. John's Hall during a morning devoted to Bach, Ann Tracy 8, won the 11-and-under class over 29 other contestants.

Donna Dougan of Shawnigan Lake, with a performance remarkable for its strength, was just one point behind Ann.

In the 15-and-under Bach class, Karen Dickson and Margaret McEwen each scored a 91 average.

At Metropolitan Church schoolroom, Heather McCubbin easily won her 10-and-under class in speech arts with an 89.

In the class for boys in the same age bracket, Francis Manning won with 88.

A high 90 went to Michael Baker in the 12-and-under boys' division while Bonny Rutherford had 89 in the girls' division.

In the afternoon at St. John's Hall, Sydney Bulman-Fleming had an impressive 92 in the 19-and-under class of Bach rendition, while Dona Thompson had 85 to win the 17-and-under class.

Two duet classes followed, the highest mark in the 13-and-under going to Patsy Loft and Gilly Gerry with 91 and in the 15-and-under, to Karen Dickson and Janice Hickman with 93.

An outstanding feature of the afternoon speech arts classes was a "moving rendition, simple and sincere" by Mardi Campbell. Mardi not only won the 10-and-under class in Bible recitation but scored the highest mark for the day along with Michael Baker.

In two special Centennial classes, the music award was presented the Musical Art Madrigal Singers with "Song of the Century," words by A. B. Ross and music by the Singers' conductor, Miss Margery Vaughan. Adjudicator, Wayne Mertz awarded the presentation 90 marks.

The Centennial speech arts class produced two competitors, rather startlingly assorted. They were Kathryn Roberts from the adult classes and Heather Dawn McCubbin of the 10-and-unders.

On the basis of performance only, the adjudicator, Mrs. Lily Harper, gave Kathryn Roberts 92 points and the youthful Miss McCubbin, 91.

Carole Jones was the sole entry in the Canadian composers' class, performers' division. Adjudicator Nellie Thomen placed her in the first class bracket with a mark of 89.

There was no competition among church choirs, Grade "A," or among choral societies. The solo entry was Centennial United Church which gained a good average mark of 87, and the B.C. Electric Glee Club which made 86 in the Choral Society class.

Safety Conference Officials Agree

Ghost Cars Necessary

EDMONTON (CP)—The use of unmarked police patrol cars to catch traffic offenders was endorsed Tuesday in committee at the Canadian Highway Safety Conference annual meeting.

Law enforcement officers and safety supervisors from business and industry supported the principle of ghost patrol cars, radar and other speed-timing devices.

The laws and enforcement committee will ask the general conference to approve a resolution calling for use of unmarked cars and speed-timing devices.

Commissioner G. B. McClellan of the RCMP in Edmonton heartily supported the ghost car idea.

"There seems to be a public state of mind," he said, "to think that traffic offences are not crimes.

"I regard serious traffic offences as crimes and I will use unmarked cars or any other device subject to approval of the attorney-general—that will help prevent these crimes."

Attorney-General Robert Walker of Saskatchewan proposed the motion supporting use of these devices and Winnipeg Police Chief Robert T. Taft spoke in favor of them.

The committee also recommended the conference explore means of establishing a traffic-training program at a major Canadian university for training traffic officers and others.

Korea Settlement Hinges on Pull-Out

PEIPING (Reuters) — Communist China and North Korea said Tuesday they will propose a conference to settle Korean problems if all foreign troops leave Korea.

A Chinese foreign ministry note said the two governments would "propse a conference with the countries concerned to carry out negotiations on the peaceful settlement of the Korean question following the withdrawal of all foreign forces from Korea."

For four years, the sides in the 1950-53 Korean conflict have haggled over the election and withdrawal issues.

Four weeks ago, the 16 countries that fought under the Nations command asked North Korea, through Communist China whether it would accept free elections in both parts of divided Korea.

Irish Bid Foiled

DUBLIN (AP) — Irish nationalists interned in Mountjoy Prison Tuesday attempted a mass breakout but were beaten back by guards after a furious fight.

The government called out armed guards to quell the uprising in the prison where 22 Irishmen, suspected leaders of the outlawed Irish Republican Army, are being held.

Prime Minister Eamon de Valera has jailed the suspects without trial in an attempt to quiet tension between the southern Irish republic and the six Northern Ireland counties.

Cokey-Okey, Liquor, Tears Signalled End

By DAVE McINTOSH
Canadian Press Staff Writer

Thirteen years ago—at 2.41 a.m., May 7, 1945—the document of surrender ending the war in Europe was signed in the schoolhouse at Reims, France. The war was officially over the following midnight.

They danced the Cokey-Okey in London and drank to victory in Halifax; they wept in Paris and crawled into their hovels in ruined Berlin; they kept dying of pain and malnutrition in Belsen and they planned wider spheres of influence in Moscow; they prepared the Hiroshima atom bomb drop in Washington and they prayed almost everywhere.

TOPSY-TURVY

A decade later, the political world was topsy-turvy.

Canada was building an air defence system against possible Russian air attack. She was training German pilots—in Canada and West Germany—and giving millions of dollars' worth of armements to Germany and Italy. Canadians had fought in Korea, partly to keep the Communists away from Japan's doorstep.

Nearly 42,000 Canadians never lived to celebrate their victory or witness the irony of rearranged alliances and the biggest peacetime defence expenditures in history.

Of the 1,081,000 Canadians who served in uniform in big or small capacity between 1939 and 1945, 22,964 were killed in the army, 17,100 in the RCAF and 1,837 in the navy.

Nearly 22,000 others had to face the rest of their lives with some war-inflicted handicap. Some had left arms or legs on the battlefield, some would never see again, some needed permanent braces and splints to hold shattered limbs together.

In a single year, the veterans affairs department issues nearly 100,000 appliances ranging from hearing-aid batteries to socks for limb stumps.

On V-E Day, the army had a strength of some 490,000, about 285,000 of them overseas. On the same date, the RCAF had 181,000 personnel and the navy more than 92,000.

They Weren't Illinois Foxes

Ear Game Sniffed Out

CHICAGO (UP) — Bootlegged fox ears had unsuspecting county clerks throughout Illinois in a tizzy Tuesday.

It seems some peddlers of hot fox ears were brazenly operating right under the clerks' noses.

The clerks admitted they held their noses whenever possible. The ears smell.

Nevertheless, state law guarantees a bounty for fox ears. Each county is allowed to set its own rate, ranging from $1 to $5.

Apparently, some foxy characters bought cheap pelts in Missouri and turned them in for Illinois bounties.

"Not only that. Sometimes they slipped in a few dogs' ears," Dick Lovelace, deputy clerk of Rock Island County, said. "They aren't the kind of things you normally go over with a microscope."

The racket got aired when the state conservation department was tipped there was something smelly about fox ear bounties. County sheriffs were alerted.

"We found we got taken for 23 pairs of ears," Marlan Molinelli, deputy sheriff of Rock Island County, said. "That's $69. It seems a guy came in last month with a bag full of them. We mailed him his check and it returned because he wasn't at the Chicago address he gave."

Molinelli said the man returned a few weeks later and picked up his money.

"Right under our er — noses," Molinelli said. "Can you imagine that?"

Huge Jump in Shares

Minister Quits Post After Gas 'Killing' Disclosed in Ontario

TORONTO (CP) — Ontario's minister of public works, William H. Griesinger, 62, has resigned from the cabinet over shares he held in a natural gas distribution company chartered by the government.

The opposition charged that the minister had "made a killing" in gas company shares he was given for 5 cents each before the Ontario Government underwrote an expensive pipeline, saving the company some $50,000,000 which made the "five-cent" shares worth $30 each by the time they were available to the general public. They are now worth about $13 a share.

WILL INVESTIGATE

Premier Frost announced the resignation late Tuesday with a promise he will investigate the high profits made by investors who paid cut-rate prices for "promoter's" shares in the firm, Northern Ontario Natural Gas Company.

The investigation will be made "without fear or favor," the premier said.

CCF LEAPS IN

This assurance drew immediate criticism from CCF Leader MacDonald, who opened the issue last month with a speech in the legislature. Mr. MacDonald said the premier's statement "is not good enough" and renewed his demands for a royal commission inquiry.

Premier Frost said he had no comment on reports that Provincial Secretary Dunbar and Education Minister Dunlop shortly will resign because of their age, not because they held any stocks.

QUIT LAST SUMMER

The only other cabinet minister known to have owned shares was Philip T. Kelly, who resigned as mines minister last summer and gave up his legislature seat a few months later.

The premier gave reporters copies of Mr. Griesinger's letter of resignation, dated Monday. In the letter Mr. Griesinger told the premier he considered his ownership of the stock "legitimate" but he was resigning because "I do not want to embarrass the government, my party or yourself."

Mr. Griesinger will keep his seat in the legislature.

AS CONCESSION

The pipeline stock was distributed as a concession to some promoters for five cents a share and its value now about $13 rose to $30 when it went on the market for public sale. Mr. Griesinger has not disclosed what he paid for his stock or from whom he obtained it, but it is understood he bought it in Nov., 1956, and sold it in June, 1957.

The former minister denied he held the stock for any length of time after a directive Premier Frost has said he issued early in 1957, warning cabinet ministers not to own shares in any gas distribution company.

IN GOOD FAITH

"I purchased this stock in good faith from an investment standpoint based upon what I felt was a sound development project," he said in his letter to the premier.

"I sold the stock—605 shares—when I was advised of your directive . . . I did not, as some have said, hold the stock for several months. The sale was proximate to the time I was advised of your directive."

NOT GOOD ENOUGH

CCF Leader MacDonald said the premier's announcement of "numerous investigations into the pipeline scandal is not good enough." Its effect was that "everybody in the club is investigating everybody else, but there's going to be no independent investigation at all."

The CCF leader said Premier Frost was quick to appoint a royal commission to investigate the Teamsters' Union after "a few truck drivers" made statements about alleged illegal activities.

PRIVATE PROBE

"All of these investigations will be held in private, by various government agencies, each with varying degrees of self-interest.

"There is no assurance that the people of Ontario will learn the full truth unless and until the government authorizes an investigation in public by an independent judicial body."

Children Beaten Vexed Dad Shoots

SAN FRANCISCO (UP) — Edward Breeze, 37, said yesterday he fired his shotgun three times through a window into a crowded room, wounding nine persons, because he was "vexed" at the way the neighbors treated his children.

The soft-spoken janitor was booked on nine counts of assault with intent to commit murder and held in the city prison.

"My wife told me I was a coward for letting other kids hit our kids that way," Breeze said.

Breeze fired through a window of a housing project apartment Monday night into a room into which nine children and five adults were crowded. Six of the children and three adults were wounded by shot from his 12-gauge automatic shotgun.

Breeze told a story of harrassment by the neighbors ever since his family, including five boys and a girl, moved into the housing project last fall.

"They tore the clothes off the line and they'd tell other kids to beat up on my kids and they told me and my wife they would have their gang come and kill us all," Breeze said.

"When I was putting the car away (Monday) I heard (my wife) her screaming," he said. "Some of the neighbors jumped her and I was afraid they'd come over with their gang. So I got the shotgun. But I was just going to fire it in the air, just to scare them. But I guess my mind just snapped. They vexed me so."

Canadian Pentagon

OTTAWA (BUP) — Canada's pentagon — a new national defence headquarters — may start to take shape within a year.

A new headquarters building to replace the present war-time establishment, has been debated and delayed for nearly 10 years.

However, Defence Minister George Pearkes said yesterday, "It is my hope, or rather my intention to reach the final decision on the site so that planning and design and even some of the preliminary construction, might be started within the year."

NATO Policy

'Press on To Summit With Care'

COPENHAGEN, Denmark (Reuters) — The NATO foreign ministers reached general agreement Tuesday that the West should press on toward an East-West summit conference—"but with care."

The joint communique to be issued today at the end of their three-day meeting will stress the West's "willingness to negotiate with the Soviet Union," a NATO spokesman said.

But the 15-power alliance will insist that any East-West summit talks be thoroughly prepared.

Foreign Minister Lange of Norway said that while NATO is clearly defensive in military matters, "we should take the initiative in the political and diplomatic field."

Don't 'Soak' the Visitors

VICTORIA'S reputation as a fair-dealing, hospitable city can be made or ruined during Princess Margaret's visit in July, according to how its people react to abnormal opportunities for profit.

Some of those whose business it is to house and feed tourists are convinced on the evidence of phenomenal requests for reservations that Victoria will be inundated in mid-July by a tide of visitors the like of which the city has never seen before. This means that everybody with anything to sell, especially accommodation and meals, will be subjected to extraordinary temptation to indulge in profiteering. When people are desperate for a place to sleep they may consent to pay exorbitant prices; but relief felt on finding somewhere to spend the night is speedily followed by a feeling of enmity against those who take advantage of them. That may turn into displeasure with the city as a whole if they find themselves being charged hold-up prices for meals and other services as well.

All accommodation ordinarily available to visitors is going to be taxed far beyond the limit, and appeals will be made to private residents to provide temporary shelter. Those who consent to do so are entitled to generous compensation for the inconvenience of taking strangers into their homes, possibly sight unseen. The big difficulty will be to decide what is a fair and reasonable price, and some guidance will have to be given to householders in this connection by the centennial subcommittee organizing emergency shelter.

Many of the thousands coming here to see the Princess and join in the celebrations will be visiting Victoria for the first time. The point for all concerned to bear in mind is that the city as a place to revisit will be judged very largely by the way they are received and treated here. A reputation for money-grabbing from victims of circumstances could spread harm far and wide and undo in a matter of a day or two the years of effort put into attracting tourist trade.

These observations themselves are made from the materialistic viewpoint of what is best for the city in the long run. Not to be overlooked, however, is the consideration that it would be a shameful and contemptible thing for Victorians to victimize guests who have no alternative but to yield to the demands of those placed in the position of being able to name their own prices while emergency lasts.

Utility Increase Opposed

APPLICATION by the British Columbia Electric Company for an increase of 12 per cent in its power rates will be heard by the B.C. Public Utilities Commission at open sessions to begin in Vancouver on May 21 and in Victoria on May 26. The sharp nature of the increase sought has drawn considerable comment not only from industrial users of electricity for manufacturing and other purposes but also from household subscribers faced with the prospect of a stiff increase in their bills. Municipalities in the Greater Victoria area are expected to present a joint submission to the commission opposing the rate application, led by the city itself.

It has become increasingly difficult to reconcile requests for a rate boost of this order in utility service basic to business and essential to almost every need in the community with the growth in earnings directly reported by the parent concern at the end of last year. The British Columbia Electric Company is a wholly owned subsidiary of the British Columbia Power Corporation. According to an analysis of the latter's operations for 1957 published in the Financial Post of May 3, the earnings of the parent concern increased by 10 per cent last year; the revenues for both gas and electricity were higher, and more passengers were carried on the transportation system.

The operations included increased expenditures and a continuation of capital outlays, but on the other hand more service was delivered to more customers on all counts than in the year previous. If this interpretation is correct, out of the increase by $6,270,614 in gross revenues during 1957, electric services contributed $4,542,139; gas services $1,510,074; while the revenue gain "more than offset" the rise in operating expenses and an increase required for debt service and some other costs. Whatever its capital position per contra may have been, the utility company last year was increasing its operating revenues in a marked fashion, as the year-end report indicated.

It came, therefore, with something of a surprise when the utility announced the schedule of the stiff rate increases for which it is applying. The basic argument no doubt will be that the company is not earning the permissive 6.5 per cent return allowed under provincial statute. As against that, the commission will undoubtedly hear from municipal, business and other circles what the effect of an over-all 12 per cent increase in power rates would mean for them in the present state of British Columbia's economy.

The Sundown Ceremony

RESUMPTION of the colorful sundown ceremony at the grounds of the Legislative Buildings has restored for another season one of the most popular summer attractions of the community. The parades by contributing service and cadet units are always smart, and the short ceremony conveys its own distinctive impressions. All three armed services are joined in the undertaking, and there is keen rivalry in putting on the smartest parade. That the public, resident and visiting, likes the brief but impressive respect paid to the colors each year becomes more obvious. The ceremony has become an institution here now.

Where it is found possible to do so, the full ceremonial with band accompaniment makes the most colorful presentation. While not all units have bands of their own an effort should be made to arrange that on special occasions, particularly in connection with the Centenary program, the formal ceremony can be staged. Quite apart from the fine attraction they offer, these parades are making the community more garrison-conscious than it has sometimes been. That is a good thing, and it should result in the most friendly relations with all who wear the Queen's uniform.

Interpreting the News

NATO Examines Its Problems

By JOSEPH MacSWEEN
Canadian Press Staff Writer

THE NATO foreign ministers have opened their meeting in Copenhagen with a few things to be thankful for, but they also face brain-wracking problems.

Their first task is the diplomatic tussle surrounding the proposed East-West summit meeting, and in this the 15 ministers have a strong moral position as a result of last week's debate in the United Nations.

* * *

Russia's truculent veto of a limited Western plan for disarmament inspection has weakened the Soviet Union's pose as the eager advocate of peace moves against Western war plots.

The UN exposure of Russia's implacable opposition to arms inspection throws serious doubt on whether Premier Khrushchev wants a summit meeting at all, despite his many statements. This is one of the problems the NATO statesmen must face.

* * *

One way or another, Russia will struggle to regain the initiative in this vital question, as has already been shown by Foreign Minister Gromyko's new meetings in Moscow with ambassadors.

Russia, unlike the West, has the tactical advantage of not having to consult with and make its decision acceptable to the different interests of several countries.

* * *

On the military front, the NATO ministers have the recommendations of alliance defence chiefs for a doubling of ground forces to 30 divisions and the establishment of nuclear and missile bases in European countries.

This is an issue causing great soul-searching everywhere in Europe, especially West Germany, which is under enormous pressure to refuse the nuclear arms.

On the economic front, there are fears that the business recession of the United States will spread to Britain and Europe at a time of Russian economic expansion.

* * *

The duties of the U.S. toward enlightened policies of foreign trade were stressed during the weekend by Republican President Eisenhower and a leading Democrat, former state secretary Dean Acheson.

Another NATO worry is the unstable political situation in France, where a search now is in progress for the 26th government since the Second World War.

And since France is a key member of NATO, the alliance cannot ignore the continuing crisis of North Africa, where Algerians are in prolonged rebellion against French rule.

Thinking Aloud

". . . of shoes—and ships—and sealing wax—of cabbages and kings."

By TOM TAYLOR

CANADA is a polyglot nation. It is compounded of many and varied racial strains which some day will emerge from the melting pot with an identity not recognizable today.

Predominant of course are the streams of British and French culture that make up the life-blood of this country, but new and other elements are constantly being injected into the body corporate.

Figures at army headquarters in Ottawa indicate this with considerable clarity. They dispel any notion that the army Canada sent overseas in the war was as English as the language they spoke, leaving aside the French-Canadian bloc as too known a factor to be considered in this sense.

The Canadian Army, in fact, was a veritable league of nations in miniature. It put the variegated Eighth Army to shame. The latter, you will remember was the most international of all army formations on service from the point of view of national groupings.

* * *

But within its own ranks the Canadian Army drew its substance from six times the number of diverse strains. It will be a surprise to most people, I'm sure, to learn that the 730,625 individuals who made up our national force were born in no fewer than 48 different countries.

Perhaps that is what helped to make the Canadians such a good fighting army.

Unfortunately the figures cited don't say how many were born in Canada itself, but of course the majority would be.

Of those born outside the Dominion, statistics show that the largest number came from England, as might be expected. Some 39,900 were registered as being English-born. As against this the smallest totals are shown for Albania and Montenegro, with three from each of these countries.

Russian-born (that is, the USSR and Ukraine) Canadian soldiers numbered 2,850.

Several other countries, by reason of birth, contributed heavily to the strength of Canada's wartime army. They include Scotland, with 18,808; Ireland, 6,585; United States and Alaska, 19,068; Poland, 5,144; and Wales, 2,123.

Almost 2,500 Canadian soldiers first saw the light of day in Newfoundland, then not a part of Canada.

* * *

The list of countries represented on the birth certificates of Canadians in khaki is almost endless. It is like quoting from a gazeteer to cite them:

Australia, Austria, Africa, British Africa, British Guiana, British India, Belgium, Bulgaria, China, Czechoslovakia, Denmark, Estonia, Finland, France, Germany, Greece, Holland, Hungary, Iceland, Italy, Japan, Lithuania, Latvia, Luxembourg, Norway, New Zealand, Portugal, Romania, Switzerland, Spain, Sweden, Serbia, Syria, Siberia, Turkey, Tasmania, Union of South Africa.

For many of the men from these countries fighting for their new home meant returning to their first "home" or homeland. For many, too, and this is one of the tragedies of war, it meant bearing arms against the countries that had given them birth.

It would be a fact, also, that among the Canadian born of the army would be a considerable number whose immediate antecedents stemmed from many of these older countries. So that Canada in khaki between 1939 and 1945 was a varied mixture in deed.

But out of diversity grows strength when compounded of a single aim and purpose. The unity symbolized by the Canadian Army in action is a herald of the future of this bright land of Canada.

Letter From London

'Operation Britain' Takes Up Challenge

By RICHARD L. THOMAS

A NEW organization has been set up in London under the style and title of "Operation Britain" with the avowed object of boosting Britain first at home and later overseas. Its aim is to supplement the work of the British Council and the Central Office of Information and "to positively counter misrepresentations of Britain which are damaging to our national prestige and, thus, to our commercial opportunities."

This writer for one would have been happier if the words "our moral leadership in world affairs" had been substituted for commercial opportunities. The nearest they get to it is in the last "aim and purpose" (No. 6 on the list) which hopes "to reawaken pride in Britain's position in the world as a powerful force working for the good of all peoples and, through this more favorable climate of opinion, to raise further the morale of all engaged in commerce and industry."

* * *

Operation Britain is backed by a council of more than 40 men and women, mostly big industrialists and advertising agents, but including Dame Ninette de Valois, the founder and director of the famous Sadler's Wells Ballet which recently changed its name to the Royal Ballet. Sir Miles Thomas, the chairman of the executive, was formerly boss of the British Overseas Airways Corporation after many years at the head of Lord Nuffield's motor enterprises.

The great virtue of the organization is that it is completely independent of the government; it is non-party and prominent socialists rub shoulders with prominent Conservatives and an assortment of non-party members. It is financed by membership fees and private donations and is organizing itself to "do Britain proud." British newspapers have co-operated by giving some free advertising space which has been ably filled by experienced advertising agents.

One of the main arguments of the founders is that Britain's success stories are not sufficently boosted either in Britain or in other parts of the world. They emphasize, with considerable justification, that strikes, lock-outs, shortages, failures and political arguments are featured in the press of the world but some really outstanding achievements go by default. Some of this, of course, is due to the fact that British industry is years behind the times in public relations, and if Operation Britain helps in overcoming this deficiency it will do a tremendous amount of good.

* * *

Writing from personal experience I can report that far too many British industries and organizations regard inquisitive journalists as a nuisance. Sometimes they are suffered but rarely gladly. True, there is almost always an abundance of hand-outs by the publicity staff — but Operation Britain should know that hand-outs tend to be suspect by impartial journalists because they are one-sided.

It is not that the truth of the statements is doubted but what is left unsaid. The independent reporter wishes to see for himself, to talk with workpeople in factories, to discuss things with men on the job of production, and generally speaking British industry has yet to learn to make these facilities available. The usual alternative to the straight hand-out is a mass visit of anything from 50 to 200 journalists, and the inevitable feeling that everything has been geared up for the occasion and everyone has been primed with what to say.

It may be unintentional but these special press visits are apt to be suspect too. This business of seeing a motor car created from molten metal to being carted away in a crate marked "Valparaiso" in one hour and ten seconds or whatever it may be suggests something being laid on. It may be wrong. It may be a general occurrence but surely it would be worth while to provide an escort so that representatives of the world's press could drop in at any old time and see that day's work being done—including the mistakes, if any. A great deal of the misinformation about Britain's industrial effort has been brought about by failure to deal fairly and squarely with complaints, to provide specific information on specific subjects and so on.

* * *

And there have been occasions when British firms have been much to gentlemanly with overseas competitors who spread the foulest libels about British products, and an inquiry is met with "We don't bother old boy — our quality speaks for itself." It may do so if the customer bought it but most of this propaganda is designed to prevent purchase.

Most of us here in Britain wish "Operation Britain" every success but we hope it will go a great deal farther than hand-outs, press articles and prestige advertising — all of which can be very helpful.

The best job which could be done for British industry at the moment is an unequivocal guarantee of British goods. If every British manufactured article overseas carried a clear statement of what it was designed to do, how long it was supposed to last, and that in the event of failure it would be unconditionally replaced within a stated time and that any claims or complains should be sent to an independent organization (I suggest Operation Britain) who would guarantee satisfaction, then indeed they would be doing a truly magnificent job.

It would mean that only the most reputable companies would be admitted, it would mean that they would have to give satisfaction under penalty of expulsion, and it would give the consumer a sense of impartiality when dealing with complaints.

I wonder, for example, how much the sales of British cars would be improved if they bore a tag, "Any spare part for this vehicle will be available delivered to any railway station in Canada within four days. In the event of failure, default payment of $5 a day will be paid." It would do a great deal to overcome the legends of postwar deficiencies and defects.

And British industry would do itself a great deal of good by accepting unconditional clauses against late delivery, with penalties. Even if they had to pay out occasionally the resultant goodwill would balance the cost.

There is no doubt that British industry at its best is as efficient as imaginative and as capable as any in the world. It has performed miracles of achievement. What Britain needs today is an organization which will separate the black sheep from the flock, and provide unconditional guarantees of British quality and service. It could do more for British exports allied with efficient advertising, than all the hand-outs.

And British cultural achievements should be noted, too.

Spoiled Children

They Fill the Prisons

(From The Edmonton Journal)

HUGH CHRISTIE, the warden of Oakalla Prison near Vancouver, has won an international reputation for his sympathetic interest in criminals and his modern approach to the question of rehabilitation. It is always of interest to hear what Mr. Christie has to say on these matters. Addressing a recent meeting in Vancouver, Mr. Christie remarked:

I hate to say it, because I like them all, but in Oakalla I do not have social beings. I have animals. They are animals because they have never faced up to social problems.

Mr. Christie said that today's young criminals are markedly different from those of even ten years ago. A decade ago most young criminals came from "have-not" homes. Under-privileged children tended to become enemies of society. Today, many young criminals come from homes where they had too much, where life was made too easy for them.

A soft and slovenly educational system, known as "progressive" education, an almost complete lack of discipline in home and school, too many privileges without obligations or responsibilities have turned out many boys and girls fantastically unprepared for the stern realities of life. Fortunately, the great majority of these children are able to make their own readjustments without becoming delinquents or criminals. Others, when suddenly called upon to face the normal problems of life, decide the world is "unfair" to them and strike out wilfully against it, turning to a life of crime. The result, Mr. Christie said, is that these misguided children from privileged homes are in exactly the same postion as the deprived children.

Surely there is a lesson here for all of us. A child needs care, love and protection but that does not permit parent, teacher or others charged with his upbringing to fail to make the child realize that life is a stern and exacting business and there are just as many duties as rights.

The Packsack

Of GREGORY CLARK

THE singing commercial was a stroke of genius on the part of the radio and TV advertising professors to circumvent us listeners after we had developed the habit of just not listening to spoken commercials. The singing commercial was, in a way, a form of entertainment. At least it adopted the shape and form of entertainment. It was music. It was sung. It was harder to not listen to it.

So far singing commercials have confined themselves to a certain formula. They are short, quick, lively. They are rattled off. Many of them are barely intelligible.

But a sinister beginning has been made. I have just heard a slow, lazy, sweet lyric commercial in a fine soprano voice. It had the sound and shape for all the world like a popular ballad. I could not identify the singer. But she was unquestionably one of the top ones.

The day may be at hand when the advertising profession will commission all our top composers, tie up all our top pop singers, and the only music worth listening to will be commercials.

What lends strength to this awful trend is the obvious fact that the writers of lyrics seem to have run out of words, and are giving us songs consisting of three or four words madly repeated. What a chance for the advertising profession to step in with their words! Do you suppose there could be such a thing as **commercial grand opera?**

Letters to the Editor

Patriotic Citizens

I would be grateful for a little space in which to express my thanks and appreciation to those patriotic citizens of Greater Victoria who gave up so much of their spare time last weekend to take part in our national civil defence exercise "Co-operation II."

Not only did these volunteer workers give their time and effort from 8 a.m. Saturday to 9 a.m. Sunday for the actual exercise, but it was necessary for them to give up many previous evenings of their spare time for training in order to reach their present standard of efficiency.

Approximately 85 civil defence volunteers participated in this exercise with no thought whatever of any remuneration for their services.

In addition to our regular volunteers, may I also express our thanks to those members of the Victoria Motorcycle Club and the Victoria Boy Scouts Association who acted as dispatch riders and messengers respectively.

V. S. GODFREY,
Target Area Civil Defence Director.

Twin Monopolies

Before the working man alone is made the target of too much bitterness it were wiser to place the blame where it rightfully belongs. That definitely is not the labor union, as such, but the calibre of the so-called leaders labor has had thrust upon it.

The "international" monstrosity that has developed through the years consists of a cabal built by those who obviously are intent on "spoils and power" in co-operation with high finance and has grown beyond the power of the working man to change, alone. It has long been known that the rank and file of labor have no choice in their leaders or in the changing of same.

It is not strange that industrial monopoly has allowed such a Frankenstein to grow because that is the other giant that is crushing financially the unorganized people. The war between the two monsters, monopoly and labor, is causing suffering of the "little" folk that is almost inhuman.

'Insidious Menace'

The recent letter to householders sent out by the B.C. Electric Company over the signature of its president, in which a court announcement is made indicating increased rates, is outstanding in this significance, viz., it is couched in apologia: "we are sorry, etc., but" this and that, "the requirements of the householders" (note: not the "demands") and so on.

Critical appraisal of the letter singles out only one favorable aspect of this additional burdening and ridiculous plea, namely it grades the proposed charges equitably. However, I in concert with thousands hope the application is disallowed for the sake of urgent and necessary discouragement of the insidious menace that is producing a state of national hopelessness and despair. At an early date the only "honorable" status will be that of indebtedness to all and sundry.

KATHLEEN M. WORTHINGTON-LAKE.

Milk Price Formula

Subsequent to the failure of the proposed central selling agency to obtain the necessary majority of votes to become effective, the dairymen's association has apparently been unable to agree on any concrete suggestion as to a suitable course of action. I therefore submit the following:

(1) That a renewed application be made at once to the milk board for an immediate increase in the basic price of milk.

(2) That changes in the pricing formula be made with a view to giving added weight to its components in order to increase the fluctuations in the price of milk due to changes in the value of the components.

However, I suggest that a rider be added to proposal (1) to the effect that the application will be withdrawn if, as, and when the teamsters' union and any other union concerned with the marketing and distribution of milk on Vancouver Island give an unconditional guarantee that they will not only refrain from seeking any further increases in wage rates whatever, but will also accept reduction in wage rates in proportion to the decrease in gross returns, which has accrued to the Vancouver Island milk producers, due to the elimination of the differential.

City Jobless Aid Leaps Five-Fold

City council found itself obliged yesterday to budget to spend nearly five times as much this year on assistance to unemployed residents as it did last year.

Last year the city spent $12,782. Welfare Administrator William Hooson until recently thought this year's costs might be $21,500, and that figure was placed in the provisional budget.

But yesterday, Mr. Hooson told council the $21,500 had been spent already, in four months.

Furthermore, he said, he couldn't see any change in the situation in the near future; the number of "employable unemployed" was increasing instead of decreasing as it normally should at the beginning of summer.

He recommended, and council approved, an estimate for the year of $60,000.

Actually, because the province pays most of the cost, the city's share of this estimated expenditure will amount to only a little more than $6,000.

Ald. Geoffrey Edgelow alone opposed the $60,000 provision.

"I don't think we should forecast depression," he said. "The government might be giving 90 per cent, "but it's still the taxpayers' money. I think we should move more cautiously. It's so easy to give away—just say 'come down to city hall and you'll get it."

"We are obligated not to let anyone starve," said Ald. Mrs. Lily Wilson, "and we don't give them so much they can live riotously on it."

Residents receiving the assistance, Mr. Hooson said, are unable to obtain unemployment insurance benefits and must take a means test.

Court Parade

Shoplifters Jailed Two Years

Past records contributed to heavy shoplifting penalties for four men who appeared in city police court yesterday.

Henry White, no fixed address; John Sparrow, 919 Hillside, and Paul Schultz, no fixed address, were sentenced to two years in the penitentiary on each charge. Anthony Lisle, also no fixed address, was given an 18-month term on each charge — all of which are concurrent.

Magistrate Henry C. Hall noted that each of the four had only recently been released from prison.

The four stole $6.09 worth of goods from Aaronson's Drug Store, 1055 Fort; $2.43 from Fairfield Pharmacy, 301 Cook, and $2.75 from Jubilee Pharmacy, 1775 Fort.

In addition, Schultz was given a one-month term, concurrent, for disturbing the peace by using obscene language.

Judge in Sommers Case Rules on Charges Today

Debate Brings Delay In Selection of Jury

VANCOUVER (CP)—Mr. Justice J. O. Wilson will rule today on a defence application for scrapping of at least 13 charges in the 38-charge indictment against former lands and forests minister Robert Sommers, three other individuals and four companies.

The B.C. Supreme Court judge was forced for the second time Tuesday to dismiss until this morning a panel of 100 prospective jurymen as legal argument stymied the case.

At the same time the judge rejected a defence plea to have the prosecution proclaim its jury challenges before the defence but Mr. Justice Wilson said that has never been done before.

DEFENCE MOTIONS

The judge will give his decision today on defence motions that:

1. Sommers should not be charged with 13 identical counts as minister and again as an "official" of government.

2. That two conspiracy charges should be tried separately from 36 other substantive charges.

3. That counts one and two of the indictment — involving conspiracy among seven accused to give Sommers loans, rewards and benefits in return for co-operation, assistance and exercise of influence in the issuance of forest management licences should be quashed.

LAY HIM OPEN

Other individuals charged along with Somers are C. D. Schultz and the brothers H. W. and John M. Gray. Also charged are four companies: the C. D. Shchultz Company Ltd., Pacific Coast Services Ltd., Evergreen Lumber Sales Ltd., and B.C. Forest Products Limited.

Angelo Branca, counsel for Sommers, asked that 13 of the 26 charges against his client be dropped. He said, Crown could not have it both ways; to proceed with identical sets of charges against Sommers as "an official" would lay him open to conviction twice on the same counts.

Special prosecutor Victor Dryer said the Criminal Code made it an offence to bribe an official and an offence for the official to accept a bribe. Another made it an offence to [illegible] but there was no section making it an offence for a minister to accept a bribe.

Another New Little League Opens

It was an impressive scene at Langford's Centennial Park last night when the new Triangle Little League held its opening ceremonies. Here players from four teams face the flags during dedication of Centennial Park. Taking part in colorful opening ceremony were Ira Hill, president of the Victoria Junior Chamber of Commerce; Rev. J. F. Page, minister, St. Matthew's Anglican Church, and Jack Jeffery, director of the Jaycee youth division. Miss Victoria, Sue Pearson, threw out the first ball for the three-inning opening game, in which Price's defeated Flyers, 10-5. —(Colonist photo by Bud Kinsman.)

Rocks Use Makeshift Club For Boxla Opener Tonight

Inter-City Lacrosse League history will record that Victoria Shamrocks opened their 1958 season on Wednesday, May 7, at Memorial Arena, but it will only be technically correct. The club that will face New Westminster Salmonbellies tonight will be wearing Shamrock sweaters, it will include a handful of the Shamrocks and what it does will be debited or credited, as the case may be, to the Shamrocks. But it won't be the Shamrocks.

Missing will be 10 players who will see regular action this season. The list includes Jim McNulty, who is not here yet, and goalkeeper Don Hamilton, suffering from a wrenched back. It also includes Pee Wee Bradshaw, Derry Davies, Lew Landess, Archie Browning, Jack Howse, Ed Kowalyk, Ed. Longpre and rookie Paul Calve. All of the latter are in various stages of convalescence after being stricken by influenza and under orders from the club doctor not to play.

Shamrocks were ordered to play last night when the ICLL commission rejected a request from the Shamrocks to postpone both tonight's game and the return engagement in New Westminster tomorrow.

Shamrocks' request was refused although a letter from Dr. Jack Patterson, sent to club president Wil Wilson, was shown to the commissioners.

It said in part that "as this disease can be extremely virulent I feel it necessary to inform you as physician for the Shamrocks that exercise in any form during the course of the disease can be dangerous to the life of the patient. This is the third wave of the epidemic and in the interest of each player it would be foolhardy for anyone who has had the disease to play lacrosse for at least two weeks following his recovery . . ."

"NOT HAPPY"

"We're not at all happy about it," Wilson said last night. "We don't think it is fair to our fans but we have done all that we could do. We will have a team on the floor."

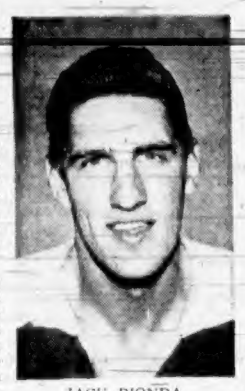
The team will be the same one announced Monday by coach Whitey Severson. Geordie Johnston will be in goal. Defense combinations will be Jackie Northup and junior Fred Mair, Tom Druce and rookie Ross Roskamp.

Rookie Tom Wyatt and holdovers Bert Bertoia and Al Davies will be on one line. Another attacking unit will be made up of the two Art Greens and import-rookie Ron Jay while juniors Ron Marshall and Walt Harris and Jim McNeil, up from juvenile ranks, will play together on the third line.

Severson wasn't certain about the players who would go to New Westminster tomorrow, and thought that he might have to make the trip with two forward lines and four defencemen.

Opposing the Shamrocks tonight will be the club many have picked to finish on top of the standings. The Salmonbellies, who weren't far of last year, have added, as everyone in Victoria knows, Jack Bionda as well as John Coleman, who played for Long Branch in last year's Mann Cup final.

Bionda's appearance against his old teammates has been eagerly awaited by city lacrosse fans but tonight's game can hardly be used as a measure in comparing the strength of the defending Mann Cup champions with that of the club rated as their toughest opposition.



JACK BIONDA
. . . returns tonight

Cubs Regain Lead As Rookies Pitch Shutout Victories

Brilliant pitching performances by a pair of rookies helped the surprising Chicago Cubs regain first place in the National League yesterday.

Rookie Glen Hobbie hurled a four-hitter to give the Cubs a 4-0 victory over the Cincinnati Redlegs in an afternoon game. The win gave Hobbie a 2-2 record.

Then, in a night game, 19-year-old bonus rookie Mike McCormick allowed only three infield singles in blanking the Pirates and got support from another rookie sensation, Orlando Cepeda, who belted a 400-foot homer in the third inning. It was his eighth of the season.

Milwaukee Braves scored in only three innings but still managed to plate enough runs to hand the staggering St. Louis Cardinals their sixth straight defeat, 12-8. Stan Musial had two of the 16 Cardinal hits, keeping his average at a sizzling .516 mark.

Don Drysdale won his first game after five defeats as the Los Angeles Dodgers edged the Philadelphia Phillies, 7-6, in 14 innings. Carl Furillo singled home the winning run with two out in the bottom of the 14th for the winning run. Drysdale allowed only one hit after coming on in the 11th inning.

In the only American League action to survive the weather yesterday, the Boston Red Sox defeated the Chicago White Sox 7-5 for their third straight win. Dick Gernert and Frank Malzone homered in the first inning to give the Red Sox an early lead.

Ab Wiebe, who can hit a softball harder and further than anyone in the Senior "A" Men's Softball League when he puts the good wood to it, found the range last night at Central Park.

Wiebe hit home runs his first two trips to the plate last night as Gorge Hotel trounced Arrow Furniture, 10-3, for its second straight victory.

Wiebe's first homer was a tremendous effort that soared high over the trees in left field. In the second inning, Leroy Bond smashed a three-run home run and Wiebe followed him with his second. Gorge scored five runs in that inning, all unearned.

In last night's Senior "B" Men's Softball League action at Heywood Avenue Park, Tudor House won its first game of the season, a 13-9 decision over Navy.

Ontario Stars Defeat B.C.'s Touring Team

TORONTO (CP) — Ontario all-stars outrushed a fighting British Columbia team Tuesday night to defeat the B.C. selects 9-3 in an exhibition rugby game under floodlights at suburban East York stadium.

The Ontario team played a strong attacking game before a crowd of 800 and won mainly on the strong foot of fullback Dick Geater.

Geater's two penalty kicks were sufficient to beat the B.C. team, which scored its three points on a free kick by fullback Neil Henderson.

Ian Grieg was the other Ontario scorer, with an unconverted try.

Both teams battled evenly in the first half. Ontario fumbled repeatedly early in the match but recovered later and its vigorous tackles stopped many B.C. attacks.

Henderson, the six-foot-two, 250-pound B.C. fullback who contributed nine points toward B.C.'s 18-9 victory over eastern Canada on Saturday, missed three penalty kicks last night.

Whip Regina Club *Junior Canadiens New Puck Champs*

OTTAWA — Hull-Ottawa Canadiens won the Memorial Cup emblematic of Canadian junior hockey supremacy here last night by defeating the western champion Regina Pats, 6-1, in the sixth game of their best-of-seven series.

The Canadiens, who were defeated by the Flin Flon Bombers in last year's final, took a 2-0 lead in the first period and never looked back. They broke the game wide open in the final period with a three-goal outburst.

The eastern champions outshot the Pats 30 to 21 and took four of the nine penalties.

The Canadiens' victory gives the East its ninth Memorial Cup in the last 10 years. Previous to Flin Flon's win last year, the East had taken the junior title eight straight years.

Regina—Goal: Walters; defence: Erickson, Gillis, Palenstein, Harper; forwards: Berenson, Lunghamer, Lessins, Gieshart, Raines, Wilkie, Kolb, Hicke, Kelly, Saunders.

Oak Bay Combines and Punjab United of the Greater Victoria Minor Lacrosse Association's bantam division will meet at 7 tonight at Memorial Arena in a preliminary game to the Inter-City Lacrosse League game between Victoria Shamrocks and New Westminster Salmonbellies.

All players originally scheduled to play last Wednesday are asked to turn out.

Pils Beat T-Men In Boxla Opener

VANCOUVER — Vancouver Pilseners, given only an outside chance at a playoff berth by most observers, opened the Inter-City Lacrosse League season on a winning note here last night, downing Nanaimo Timbermen, 10-7, before a disappointing crowd of 1,220 fans at Exhibition Forum.

Veteran Bill Barbour sparked Jack McKinnon's Pils, scoring three goals; two of them on fourth-quarter breakaways when the Timbermen were pressing. Alex Carey, with two goals, Gordon Nickle, Don Salter, Alf Brenner, Bill Chisholm and Bommy Marsh were the other Vancouver marksmen.

Playing-coach Don Ashbee and ex-Victorian Norm Kowalyk got two goals apiece for the Timbermen, with single goals going to Don Sherry, Spud Morelli and Arnie Dugan.

World's Leading Pro Golfers Enter Rich Centennial Meet

Two dozen of the world's top golfers, including the three leading money-winners this year, have been lined up for the B.C. Centennial Open golf tournament at Vancouver Aug. 27-Sept. 1, as officials prepare for what promises to be one of the outstanding events of the centennial year.

With the cancellation of the $150,000 Tam O'Shanter at Chicago, the Centennial Invitational has become the No. 1 event on the late summer golf agenda. At $47,800, the tourney is the richest ever held in Canada and the fourth biggest in the world this year.

Included in the list of entries are the three leading money-winners, Arnold Palmer, Billy Casper and Frank Stranahan, and a host of other golfing greats such as Canada's Stan Leonard, Doug Ford, Jay Hebert and Cary Middlecoff.

An 18-hole celebrity pro-amateur, to be played the day before the invitational, promises to be almost as big an attraction.

Randolph Scott, George Gobel, Dizzy Dean and Gordon McRae are already lined up, along with Del Webb, co-owner of the New York Yankees. Other possibilities include Bing Crosby, Bob Hope and Phil Harris.

New York doctors yesterday expressed hope that Roy Campanella, paralyzed Los Angeles Dodgers' catcher, will make sufficient progress for "ordinary living," but expressed doubt he will make a total recovery.

"Campanella is still paralyzed from the shoulders down," said Dr. Robert Seingstaken. "He can use his shoulders and bend his wrists very weakly, but there is no muscle function below the shoulders."

Campanella was transferred to the New York Medical and Rehabilitation Centre Monday, and begins his active rehabilitation program next week.

"If he regains no more function than he has now," said Dr. Howard Rusk, "he would never walk again, even with braces. But there is no way to tell now. This program will take months."

With Harry Young

Because Vancouver Island professionals do not get many opportunities to play competitive golf, their chances of making a name on the links are relatively small.

Indeed over a number of years the local pros have had to take second place to the district's best amateurs, chiefly because the amateurs have wider competitive facilities.

However, Laurie Carroll, assistant professional to Phil Taylor at Victoria Golf Club, broke a long-standing jinx in taking the Island Open championship Sunday, and his first major triumph should give this stylish young player encouragement and incentive to move ahead to other triumphs.

One thing the Island Open championship should do for Laurie is to ensure him a place in the B.C. Open Centennial tournament to be played at Point Grey in August.

In this Carroll would have a chance of pitting himself against most of the world's finest golfers, and the experience is one that would be valuable to his future career.

In beating Johnnie Merriman in the Open final, neither Carroll nor his opponent played his best golf. It was adventurous stuff with the notorious hazards of the Victoria Golf Club playing an important part in the destination of the title.

At the critical moments perhaps, Merriman with his inclination to put draw on his shots got into the worst difficulties, but he made a good fight even when things looked their blackest. He might have taken the match the full course if Carroll, midway through the second round, had not rolled in one or two lovely putts that restored to him his lead and confidence.

To the many in the gallery whose experience of big golf has probably been confined to the TV screen, the Victoria course with its many hazards must have appeared something quite different from the rolling acres of the Arizona and other desert courses where the TV championships are played.

There was none of the TV monotony of the drive, the shot to the green, the one or two putt, in the Island final. This was golf of the tough nature, and the spectators could not complain about the variety offered.

The Island Open produced another young golfer who may go a long way in the game. Fifteen-year-old Dicky Munn, a product of the Cedar Hill Club, took the handicap section with a 6 and 3 win over Norman Beattie of the Victoria Club.

With his handicap of 12 Munn was unbeatable, and the small, slimly-built youth won much praise for the potent way in which he attacked the ball.

Although he has a hooker's grip that could get out of hand, and a body sway that might in a less lissom person be fatal, Munn has a fine youthful swing.

Given professional tuition, Munn should be a threat in the B.C. junior world for the next two or three years. He certainly has time on his side.

LEONARD MATCH FINALIZED. The match between Stan Leonard and Al Balding on Friday, June 13, has been set for the Gorge Vale Club.

The decision was made following a visit to Victoria this week by Les Paterson of Kamloops, B.C. Golf Association president.

The match is being presented by a B.C. brewing company (Lucky Lager) in conjunction with the Camosum Gyros.

ENTRIES ROLL IN FOR FOURSOME. Partnerships are beginning to roll in for the Victoria and District Centennial foursome competition at Royal Colwood Sunday, May 25.

Entry forms are now in the hands of all the B.C. clubs and when completed they should be lodged with the entry money with the club secretary.

More than 30 handsome prizes in addition to the new Centennial Trophy are being provided, and Dick Hanley, the Royal Colwood captain and chairman of the tournament committee, says the greens staff is preparing to have the course in top condition for the important event.

King Fisherman

Seedhouse Enters Largest Bass

Largest bass ever entered in The Daily Colonist King Fisherman Contest was taken out of Prospect Lake on Sunday by Jack Seedhouse, who has taken [illegible] Fisherman Trophy for small-mouth black bass.

It weighed five pounds, 10 ounces and topped a catch of seven which included another of more than five pounds and two others which bettered four pounds. Seedhouse, a real expert at luring the small-mouths [illegible] estimated that he had at least 40 strikes. Among those which managed to get away were several that would probably have weighed more than four pounds.

Seedhouse also continued to find Beaver Lake productive over the weekend, weighing in three other bass, two of them topping the three-pound mark.

Last season, George Davis, Lawrence Kennedy and Iain Ogle tied for honors in the bass division of the contest, each winning a trophy with five-and-a-quarter-pound fish. Davis made his catch in Elk Lake, Kennedy got his prize-winner out of Beaver Lake while Ogle scored in Prospect Lake.

SALMON SLOW

Entries in the spring salmon division are coming in slowly. Fishing in tidal waters is fair but most of the salmon are bluebacks and jacksprings under the five-pound minimum for the contest. Spring gardening is also keeping many anglers ashore but it won't be long before entries will reflect the combination of better fishing and more fisherman which can be expected in the latter part of the month.

—Best trout reports in the first few days of the contest are from Elk Lake, where anglers are getting quite a number of fish weighing more than two pounds.

Amateur Baseball Returns Saturday

After an absence of five years, organized senior baseball returns to Victoria Saturday when the newly-formed Victoria Senior Amateur Baseball League opens with an afternoon-evening doubleheader at Royal Athletic Park.

Art Worth's Eagles meet Naval Veterans, managed by Gerry Parker, in the season opener at 2.30 p.m.

In the nightcap, scheduled to start at 6.30 p.m., Lyall Cornett's Wakeman & Trimble club will oppose Pearce Electric, managed by Ron Martin.

Martin, Worth and Cornett all played with Farmer Construction in the Northwest International League last year. Parker and Worth both have picked up experience playing in the fast Western Canada Baseball League in past seasons.

The league, organized to provide baseball for graduates of Victoria's booming minor league organization, will be run strictly on a play-for-fun basis.

Team sponsors donated money to the league, which in turn handles all its own affairs. Players registered with the league and then team managers selected their players from a player pool, insuring a fairly well-balanced league for the first year of operation.

Midweek games will also be played at Royal Athletic Park on Tuesdays and Thursdays, starting at 6.30 p.m.

From School to Sea!
THE AMBITIOUS YOUNG MAN CAN BECOME A NAVAL OFFICER THIS FALL
through the "Venture" Plan

Were you 16 to 18 years old at the first of the year? Are you getting your Junior Matric this summer?

If so, opportunity beckons! The Navy will advance selected students to senior matriculation as naval cadets qualifying for a well paid responsible career with travel and adventure as a naval officer at sea or in the air above the sea.

Investigate the Navy's "Venture" Plan NOW!

The "Venture" Plan is a main channel for becoming a Naval Aviator, with the added advantage of special flying pay. Flying training is available to you if you qualify and choose. A "Venture" flyer is a sailor too!

Uniforms are provided to cadets on entry. Food, living quarters, dental and medical care, tuition, books, instruments, etc., are all furnished by the Navy. Thirty days annual leave with pay is granted. By acting now, you can look forward to wearing a naval officer's uniform within months. You are enrolled on a seven-year appointment with opportunities to qualify for transfer to a permanent commission at a later date. You can have your chance to fly with the fleet!

CLOSING DATE FOR APPLICATIONS IS JUNE 30

Candidates must have reached their 16th but not their 19th birthday on 1st Jan. 1958, and have the educational qualifications. Get all the facts NOW about the Navy's "Venture" Plan. Visit your Naval Recruiting Office — or mail the coupon!

Industrials Continue Their Climb

TORONTO (CP)—Industrials sent their index higher for the third straight session.

Industrials, adding 3¾ points, have gained eight points on index since they started to spurt Friday.

Banks, refining oils and steels were strong among industrials.

Western oils closed generally higher with Bailey Selburn a big winner, up 55 cents at $8.55. Fargo, North Canadian and Consolidated Mic Mac were other winners.

Papers Advance

MONTREAL (CP) — The Montreal and Canadian stock markets advanced again in moderate turnover.

Newsprints set the pace with International Paper gaining 3¼ and Price Brothers 2⅞ in light turnover.

Refining oils were in demand and gained in a one-point range. Imperial added ⅛ and McColl a point. International Petroleum gained ⅛. Trans-Canada Pipeline improved 1¼.

Aluminium led the base metals with a gain of ⅜.

Steels were a weak spot in the broad push. Dominion Foundries slipped ⅛.

New High Recorded

NEW YORK (UP) — Stocks moved into new 1958 highs again on increased volume.

Oil shares provided several good gainers, notably Argo which made a new high. Texas Gulf Producing and Anderson Prichard also were strong. International Paper ran up 2 to a new top in its section. Several tobaccos and drugs reached new tops.

Lumber Shares Rise

VANCOUVER — Strong spots among industrial shares were MacMillan at $28, Crown Zellerbach Canada at $16½, Sicks Breweries at $29; Trans-Mountain at $52½ and Western Plywood at $14½.

Mines showed little change, but oils were firmer with Pacific at $17 and Royal Canadian Ventures at 55 cents.

London Stock Prices

LONDON (CP) — Uneasiness over the labor situation left the stock market unsettled with prices generally lower.

International Nickel was strong, following a regular quarterly dividend. Widespread losses were taken in gilt-edged securities.

Industrial, oil copper and South African gold shares were generally lower.

Grain Prices

WINNIPEG (CP) — Most prices showed considerable easiness.

Flax trade produced selling orders and there was some international demand at times, prices recorded declines.

Barley trade was moderately active and there were some indications of export business.

NO. 123—HUNDREDTH YEAR | VICTORIA, BRITISH COLUMBIA, WEDNESDAY, MAY 7, 1958 | SECOND NEWS SECTION

Spring Garden Festival Starts Today

This Is Flower Lovers' Week

The pick of Victoria's gardens will be on display to the public for four afternoons this week starting today.

Several hundred enthusiastic gardeners are expected to visit the private homes of 19 Victoria residents during the annual Spring Garden Festival being held again this year by the Victoria Horticultural Society.

Official opening will take place at 2.15 p.m. at the home of Mr. and Mrs. R. H. Edgell, 3230 Beach Drive. The garden includes yellow peonies and blue poppies, which are just blooming.

Mrs. Frank Ross, wife of the lieutenant-governor, will perform the opening ceremony.

Registrations for viewing the festival gardens should be made at 960 Government, 5-9004. Group transport can be supplied or visitors can drive their own cars.

Gardens to be open today, between 1 and 5 p.m., are those of Mr. and Mrs. S. Stephen, 3155 Beach Drive; Mr. and Mrs. H. A. Wallace, 3175 Beach Drive; Mr. and Mrs. A. L. Bloomfield, 237 King George Terrace; Mr. and Mrs. J. H. Todd, 451 Newport Avenue, and Mr. and Mrs. E. D. Todd, 508 Island Highway.

Future Inspects Past

Examining samples of British Columbia handicrafts are Sandy Sutherland, 14, of 1377 Rockland, left, and Susan Mitchell, 13, of 417 Parry. Students at Central Junior High School, they were visiting a special centennial caravan exhibition parked outside the school. It is open from 2 to 5 p.m. and 7 to 10 p.m. today. — (Colonist photo by Jim Ryan.)

Aldermen Snip Away in Preliminaries Before Tackling Public Works Today

For Queen

Totem Rites Today

In the wake of ceremonial Indian dances, British Columbia's centennial gift to Queen Elizabeth, a 100-foot totem pole, will move from the legislative building grounds today to start its long voyage to London.

Members of the Kwakiutl Indian band will dance and sing thanks to the "spirit world" for sucessful completion of the pole.

They will dance at 10.30 a.m. today. Three hours later the totem will be taken to Ogden Point, for loading aboard the ship Pacific Unity which will carry it to London.

He's Agin It

Hard man to please at yesterday's city council budget sessions was Ald. Geoffrey Edgelow, who took successive stands in debates against city spending for Topaz Park, tennis courts (see page 1), more street lighting, increased fund for unemployed (see page 5), aerial survey of city and new paint for the city hall.

* * *

'Lovely For Saanich'

Topaz Park was described by Ald. Geoffrey Edgelow yesterday as a "lovely asset for Saanich."

He objected to the city spending $3,430 on it this year.

"The question is whether we should develop it for the people of Saanich," he said. 'I wonder if we should ask Saanich to share the cost of development of that park."

But other aldermen said council had already adopted a policy of developing the park, and that it might one day replace Royal Athletic Park as main centre for athletic activities. Council approved the expenditure.

CITY MANAGER WYATT . . . pay raised to $13,500

Manager Gets Raise Of $1,500

City council plodded on through the 1958 budget yesterday snipping here and there, but failed to make enough of a net reduction in estimates to affect the tax rate.

Today, however, is likely to be more lively.

CLASH LIKELY?

To start with, the aldermen will debate special public works expenditures on which, they have already shown, they have widely divergent views.

They probably will be called upon today, too, to make up their minds about using $100,000 of last year's surplus as a reserve fund or treating it as 1958 revenue. Treating it as revenue would cut the tax rate by at least a mill.

RAISE OWN PAY?

And as their budget labors approach an end, they will decide whether they should give themselves a pay increase this year.

They pushed that item along to the end of the program yesterday just before, without debate, they aproved increasing city manager C. C. Wyatt's salary from $12,000 to $13,500.

NO DECISIONS

Council began in late afternoon to discuss the proposed special public works and street lighting expenditures, but reached no decisions.

One set of estimates totalling $8,250 is for improving illumination at 12 intersections where there are or may be traffic signals.

Another, totalling $20,600, is for new traffic signals at seven locations.

Mayor Percy Scurrah branched off into the traffic-signal estimates. He couldn't see what was wrong with the present system at Oak Bay Junction, he said. He hadn't seen any trouble there.

SUGGESTS DELAY

Ald. Austin Curtis went back to the illumination, moving that the whole $8,250 be eliminated, but at this point the city comptroller suggested waiting until the city engineer was present, and council went to work on special parks expenditures.

Eventually Norman Worsley, assistant engineer in charge of traffic, came in with plans for the Junction, including an improved signal system to avoid conflicting turns and an arcade under the building at the southeast corner.

But when council adjourned, a few minutes later, after examining the plans, the mayor seemed unconvinced of the need for changes.

City Votes to Retire Horse-Hair Mattresses

City Manager C. C. Wyatt indicated to city council yesterday he is optimistic about chances of new facilities to replace Mountain View Home for aged men being provided in connection with Gorge Road Hospital.

Council accordingly removed $400 for fences and $315 for beds from estimates of Mountain View expenditure, but left in a sum for purchase of spring-filled mattresses to replace old horse-hair ones, after the city comptroller pointed out the new mattresses could be used in new quarters.

Paint-Up Out For City Hall

Centennial decorations, as well as costing the city some money this year, will save the city some money.

City Manager C. C. Wyatt told city council yesterday that centennial decorations would go up at the front of city hall in about 10 days, and council grabbed the opportunity to reject proposed painting of the exterior of of the hall.

"Cut it out," said Ald. Geoffrey Edgelow. 'They will cover so much of it."

Council left $800 of the $1,800 estimate, to take care of the cost of the decorations if necessary.

Suffering Engineer Wins Survey Point

City Engineer James Garnett, suffering from 'flu, nevertheless attended yesterday morning's city budget session to persuade council to restore $2,000 which it had lopped from a $5,300 air survey estimate the previous day.

Despite strong opposition from Ald. Geoffrey Edgelow, he was successful. City Manager C. C. Wyatt joined him in convincing council that the contour map resulting from the aerial photography could save the city many thousands of dollars.

SPCA Meets Minister

Zoo Rule Talks Start Today

Provincial executive of the SPCA will meet Recreation and Conservation Minister Earle C. Westwood in Victoria at 10 a.m. tomorrow to discuss proposed regulations giving the provincial government full licensing control of private zoos.

Mr. Westwood announced yesterday that B.C. Game Commissioner Frank Butler has finished the first draft of the regulations, which were ordered April 22, only 10 days before an escaped lioness killed eight-year-old Maureen Vanstone near Nanaimo Saturday. (See page 2.)

Regulations also are being studied by other members of a committee which decided last month, after a six-month study, that the zoos should be regulated.

They are Thomas Hughes, SPCA provincial executive director; Dr. Ian McTaggart Cowan, head of the UBC zoology department; Alan Best, curator of the Stanley Park zoo in Vancouver, and James Hatter, biologist with the provincial fish and game branch.

"FULL REPORT"

Mr. Westwood also disclosed he has asked Assistant Commissioner C. W. Harvison of the RCMP "to submit to me a full report on what has happened."

Keepers of the three private zoos in the province will not be consulted regarding the regulations, the minister said.

"I don't feel it is necessary to meet them," he stated. "The government is mainly interested in seeing these animals are well cared for and in protecting the interests of the general public."

It is expected the regulations will be approved by the cabinet before the end of this month. While they will not ban private zoos, they are likely to make them so expensive to maintain that they would become money-losing ventures and would be forced to close.

Students Hurt At School

Two Oak Bay Junior High School students were taken to Royal Jubilee Hospital at 2 p.m. yesterday, after being injured in separate accidents during physical education periods.

Both were treated and X-rayed.

Nora Taylor, 14, of 1225 Roslyn, suffered a broken right wrist when she slipped and fell while playing softball. Patricia Robertson, 12, of 1968 Bourchier, sustained leg and hip injuries, but no fracture, when she also slipped and fell while practicing jumping for the school's coming field day.

Navy Previews Big Sky Show

A spectacular fireworks display lasting 13 minutes is scheduled to be set off tonight as 10 as the navy tests the pyrotechnics it will use in bigger shows at centennial events later this year.

High-flying rockets that explode in colorful showers of sparks will be set off from Royal Roads but should be visible from Dallas Road.

Navy officials say they are using fireworks that are supposed to be visible from as far away as 25 miles on a clear night.

On View This Week

30,000 Rare Stamps

Thirty thousand rare postage stamps will be on view at the Empress Hotel from Friday to Sunday in a centennial exhibition sponsored by the Greater Victoria and the Vancouver Island Philatelic Societies.

Highlight of the exhibition—the biggest in Victoria's history—will be a selection of pages from the Royal collection, showing early issues from the maritime provinces.

First day of issue of the B.C. centennial postage stamp will be Thursday, and a small post office will be opened to sell first-day covers to collectors. The covers will be postmarked with a special cancellation not available elsewhere.

To Pay for Schools

Islanders to Ponder Boost in Postage

A resolution calling for an increase of one cent in postage to pay the basic cost of schools and hospitals will be considered at the annual meeting of the Vancouver Island Ratepayers' Association May 23 in Nanaimo.

A "suggested resolution" sent out with notice of the meeting says that school and hospital taxes as levied now are inequitable and create "great injustice to the property owners of the Island and B.C."

It suggests that the government provide for payment "of the actual basic cost of schools and hospitals from general revenue, of both federal and provincial governments, which could be put into immediate operation with an increase of one cent on postage by the federal government without added staff or expense."

With 38 Mill Rate Duncan Holds Line

DUNCAN — Tax rate for the city of Duncan was set at 38 mills, the same rate as last year, at a special meeting of council.

The rate is made up of 17.99 mills general rate; 15.92 school rate, and 4.09 debt rate.

G. M. Berry, city clerk, explained that a small surplus of school levy for 1957 was unused and this sum — a mere $1,521 — would, however, make it possible to retain the same rate of taxation for school purposes this year.

Requirements of district 65 (Cowichan) this year amount to $83,207 which the city will be required to provide. "This rate is practically the same as last year," Mr. Berry told council.

* * *

DUNCAN — The city of Duncan finance and public works committees were authorized Monday night, to "investigate the feasibility of undertaking the supply and distribution of gas, natural, manufactured and mixed, to the residents of the city."

The decision of council followed a report by the public works committee.

* * *

DUNCAN — Funeral services will be held today for Mrs. Irene Ellen McNeilly, killed early Sunday morning in a car accident near Nanaimo.

Born in Vancouver, she had been a resident of Duncan for the last five years, serving as secretary of the Cowichan High School. She took an active part in community affairs.

Surviving are a daughter, Eileen Anne, at home; her mother, Mrs. Irene C. H. Whitaker of Crofton; two brothers, Sqdn. Ldr. George C. Whitaker, RCAF St. Hubert, Que., and Terrance Arthur, at Dawson Creek.

Services will be held Wednesday at 10 a.m. at St. Edward's Catholic Church.

* * *

PORT ALBERNI—The Old-Age Pensioners' Organization, which recently asked for the present city hall as a meeting place and recreational centre after the new building is completed, will be officially notified that the request will not be granted. Instead council will offer the building on Second Avenue North formerly used as a public rest room.

While heating and maintenance of the old city hall could be beyond the means of the organization, the second Avenue premises are sound, in good condition and suitable for the purpose, Mayor Loran Jordon and Ald. Norman Rodgers maintained.

PARKSVILLE—Skirl of the bagpipes was heard in Parksville Sunday as pipers and drummers of B Company, Canadian Scottish Regiment from Nanaimo led the parade for the annual VE Day observance held by Mt. Arrowsmith Branch No. 49, Canadian Legion. As this was also the anniversary of the Battle of the Atlantic, CPO W. H. Bean of HMCS Ontario represented the navy as a standard-bearer for Qualicum Beach Canadian Legion, Branch No. 76. Divine service at Parksville Baptist Church was conducted by Rev. William Clayton.

* * *

QUALICUM BEACH—Annual inspection of Qualicum College Cadet Corps was carried out by Col. P. S. Cooper, commandant at Royal Roads, Victoria; Col. Fawcett, CO, Canadian Scottish Regiment, and Cadet training officer Lieut. R. Graham. The hour-long display was highly praised.

* * *

ALBERNI A plebiscite will be held in Alberni at civic election time to determine the feeling of voters on the question of postal delivery.

Council voted at Monday night's meeting to put the matter to the voters. A letter from Alberni Civic Non-Partisan Association had requested the plebiscite.

* * *

PORT ALBERNI—Conflicting opinions of the legality of levying school taxes on the full value of MacMillan and Bloedel holdings covered by a fixed assessment agreement are held by the company's lawyer and a Vancouver law firm engaged by the city.

A meeting has been arranged for today when, according to a report given by a special committee of the council, it is hoped to have the matter amicably settled.

* * *

ALBERNI—Those who knew the Alberni Valley before 1896 will be guests at a centennial banquet in Somass Legion Hall May 17. Arrangements for the gathering of old-timers are being made by the Somass Legion and the local centennial committee.

Several volunteers have assisted in locating addresses of members of pioneer families, some of whom have not visited the valley for many years.

* * *

NANAIMO—Scholarship will be awarded this fall to students who live in Ladysmith and points north by the Women's Auxiliary to Nanaimo Symphony Society. It will go to a student of the cello or any wind instrument who has had more than two years musical training. Age limit is 12 to 14.

DUNCAN — The Vancouver Island Regional Drama Festival will be held in Cowichan High School today, Thursday and Friday, with Saturday being reserved for the presentation of the three best plays of the festival.

Today the Duncan Little Theatre group will present "Once Upon a Moon;" Comox Valley Drama Club will present "Sorry, Wrong Number," and the Victoria Theatre Guild will play "Hands Across the Sea."

Mayor J. T. Dobson will officially open the festival at 8 p.m.

Show time Thursday will be 8.30 p.m. to accommodate the scheduled arrival time of the centennial stage coach in Duncan.

* * *

Thursday night's program includes "Full Circle," by Lake Cowichan Drama Club; "Back to Zero," by Victoria Columbine Club; "Night of Storm," by Qualicum Workshop 69.

On Friday, the plays and the groups presenting them will be: "Calling the Tune," Yellow Point Drama Club; "Fumed Oak," Malaspina Players, Powell River, and "The Ass and the Philosophers," Victoria Theatre Guild.

Anthony Holland will be the adjudicator. A civic luncheon will be held at 12.30 p.m. Saturday.

* * *

PORT ALBERNI — Demolition of Teen-Town hut has been recommended by the fire chief and building inspector of Port Alberni. Council plans a meeting with Teen-Town representatives before action is taken on the recommendation.

The former army hut is in disrepair, is untidy, unclean and a fire hazard, according to the report.

Council had provided the group with the building but had done so on the understanding that expenditure for repairs would be limited.

* * *

PORT ALBERNI—Council is receptive to the Gyro Club's plans for enclosing the city swimming pool, but costs of the operation will require study, according to a report by Mayor Loran Jordon at council meeting Monday night.

The club has a plan for roofing the pool at a cost estimated at more than $42,000, the mayor said. A member of the firm of consulting engineers employed by the city will look over the project.

Roast Gibnut

Princess Samples Delicacies

BELIZE, British Honduras (CP)—Princess Margaret sampled some local delicacies at a state banquet here and appeared to find them tasty.

The main course was roast gibnut, an animal about the size of a large rabbit.

Also on the menu was conch, crayfish, fried Spanish plantain and pineapple cream.

GOWN DESCRIBED

The princess wore a sweeping ball gown of white duchess satin with the skirt split at the sides and tied with satin bows over an underskirt of cerise satin. Down each side of the gown, from the bodice to the hem, was a trailing design of cherry pink and silver lace embroidered with silver, diamonds and rubies.

The gown was crossed with the sash of a grand dame of the Royal Victorian Order. The princess also wore a glittering star of India, a diamond necklace and matching earrings.

Sandor-Nunn

Couple To Live At Sidney

At a ceremony performed by Rev. J. G. G. Bompas at St. Paul's United Church, Sidney, recently, Louisa Rose Nunn, daughter of Mr. and Mrs. Joseph H. Nunn, Sidney, became the bride of Miklos Soos, son of Mr. and Mrs. Fedor Sandor of Hungary.

Attended by her sister, Hazel Nunn, the bride wore a light blue suit with corsage of red and white roses.

Groomsman was Leslie Sandor, and ushers were the bride's uncle, Russell Nunn, and her brother-in-law, Wilfred Tripp.

CHOIR SINGS

Morning choir of the church sang "O Perfect Love," during the signing of the register.

For the reception which followed, the K. of P. Hall was decorated with yellow tulips and blue iris. The wedding cake was made by a sister of the bride, Mrs. Lillian Tripp.

Toast to the bride was proposed by her grandfather, N. E. Watts, and that to the groom by her uncle, Ernest Smith. Her aunt, Mrs. G. L. Wark, of New Westminster, sang "I'll Walk Beside You."

The young couple are to make their home in Sidney.

Mr. and Mrs. Frank Fallis, 1330 Bond Street, announce the engagement of their only daughter, Delors Ann, to Mr. Michael Reynolds, son of Mr. and Mrs. J. M. Reynolds, Sheffield, England. The marriage will take place on Saturday, May 17, at 10 a.m. in St. Andrew's Cathedral. — (Photo of Miss Fallis by Jus-Rite and Mr. Reynolds by Paul Joncas.)

Canadian Club

UN Tour Described

A tour of seven countries to visit projects maintained by UN and UNICEF was related by Mrs. Gordon Konantz of Winnipeg when she addressed the Women's Canadian Club at the Empress Hotel on Monday afternoon.

Mrs. Konantz travelled under the auspices of the United Nations.

The resettlement estate built to house squatters in Hong Kong did great credit to the Hong Kong government the speaker noted. The gigantic refugee problem there has been met by this housing plan and as many as 24,000 persons live on one estate she explained.

Community development in India was also described in clear word pictures, with special emphasis on a block development plan outside Agra.

"In this particular block," the speaker said, "there was only one well in 1957. Today there are 54.

"Irrigation has been increased from four per cent to forty per cent. Food production has been increased from 90 acres under cultivation to 700 acres."

WOMEN VOLUNTEERS

High praise was given by Mrs. Konantz to the Pakistan Women's Association, organized in 1949 to meet the national crisis when Pakistan was flooded by 7,000,000 refugees.

"It is a most outstanding women's group. There are 20,000 members who gave volunteer service in social welfare, cottage industries, mothers' clubs, rural reconstruction, and in many other fields."

Official visits to UNICEF projects in Asia ended in Karachi but Mrs. Konantz extended her travels to the Near East, returning to Canada by way of Greece.

"After seeing the work that is being done," she concluded, "my interest and respect for the United Nations has increased one hundred-fold."

The speaker was introduced by club president Mrs. R. D. Harvey and thanked by Miss E. L. Forbes.

A LOVELIER YOU

By Mary Sue Miller

GET IN THE SWIM. To get your figure in swim-suit shape, there is no better form of exercise than swimming, and in order to swim you don't need an ocean, not even a pool. You can get the same results by "swimming" on land.

Simply lie, tummy down, on a sturdy stool and do the crawl stroke. An effective land version follows:

1. Stretch out, with arms extended forward, palms of hands facing floor and legs together. 2. Pull right arm straight down and back until it lies against body; bend and raise elbow as far out to side as possible; immediately reach forward to starting position. Movement of left arm is the same and should begin as right elbow bends.

3. Accompany arm motions with flutter-kick of legs; quickly pump them up and down from hips, keeping knees relaxed. 4. Make all motions forceful, continuous and rhythmical.

After ten minutes, every muscle in your body will feel the good of the exercise. Your figure will show it with trimmer, firmer lines after a few weeks of workouts.

Flown from U.K. Bakers

Dollar-Dotted Cake For B.C. Birthday

LONDON (CP) — A cake weighing 140 pounds and looking like the reverse side of a silver dollar will be flown to Vancouver, May 13, in time for display in the centennial celebrations.

Made by the British biscuit manufacturers, Peek Frean, who baked the Royal wedding cake, the edible silver dollar measures 42 inches across and is five inches deep.

Twenty-five dollar pieces have been inserted in the white and silver cake, which the manufacturers estimate will cut into 800 pieces.

It is made entirely of wedding cake mixture because it will be on display for six months before it is eaten. The cake involved 200 hours of work and contains 24 pounds of fruit and 28 pounds of almond icing.

Dotted around the milled edge are six colored representations of the British Columbia crest done in colored sugar. In the centre is a totem pole made from icing sugar.

SPECIAL FEMALE PAIN, DISTRESS!

Tests show both monthly cramps and tension, and "hot flashes" of change-of-life, may be effectively relieved by tablets specially created for women.

Is "female suffering" handicapping women today as much as it did in grandmother's day? The truth is DEFINITELY NO—at least among those women and girls who rely on modern scientific findings to get *relief* from such distress! They have found that such suffering in most cases can be relieved!

Such are the findings of impartial, independent tests made under scientific auspices at our direction. In these tests, the *majority* of women benefited ... *many strikingly!*

The combination of medicines these women found so effective was developed especially for the ailments of women ... and is available under the name of Lydia E. Pinkham's Tablets.

The relief they give from monthly cramps, backaches, headaches is equalled by the calming, soothing effect they have on the "hot flashes" and other distresses of change-of-life! Pinkham's Tablets also help *older* women through blood-strengthening iron!

So—*whatever* your age, chances are you'll feel better by taking Pinkham's Tablets as needed. You'll find out why thousands of women and girls have taken them for years—a very small price for the benefits they get.

See if you don't get the same benefit!

IF YOU PREFER A LIQUID put Lydia E. Pinkham's Vegetable Compound. Now available at all drug stores.

Chemise Fine For Matrons

By SHEILA MOODIE

MONTREAL (BUP) — Who says Canada's matrons shouldn't wear the chemise?

Canadian designers and textile manufacturers quickly dispelled this idea at a gala fashion preview here which launched the three-day Canadian textile conference.

The [illegible] version of the chemise with a [illegible] waist [illegible] hard and [illegible] among the [illegible] looks among as high as [illegible] on the matron who modestly as the chemise looks on any slim young girl.

The show, the most comprehensive collection of Canadian attire ever assembled, featured men's, women's and children's wear for all ages and occasions.

GOOD STYLING

Leading textile manufacturers from Montreal, Toronto and Vancouver, [illegible] with Canadian [illegible] to produce [illegible] good styling and wearability. All merchandise displayed is now selling in the nation's stores or will be soon.

Canada had the [illegible] almost as soon as it [illegible] out of Paris, parodied [illegible] tation Doris Clare of Montreal. One of the most eye-catching trapezes was designed by Frances Davies of Montreal in [illegible] cotton brocade made of a [illegible] of metals and [illegible] though [illegible] others [illegible] more [illegible] prices.

The [illegible] chemise appeared in a [illegible] of [illegible] lace, a white [illegible], [illegible] and [illegible] and a red [illegible] dress [illegible] with a [illegible] coat in the [illegible] either around the hips or waist.

EASY CARE

Easy care in fabrics was stressed. Most [illegible] as good as new with [illegible] or be packed away in a suitcase with no harm done.

Terylene shirt-dress was seen [illegible] a white [illegible] sports [illegible] and [illegible].

Canadian women for autumn [illegible] gay [illegible] dresses, skirts and [illegible]. Sam Lim, an [illegible] knitting sweater.

AFTER FIVE

For after five, there was a [illegible] sheer [illegible] budget-priced for the [illegible] girl. A [illegible] sheer [illegible] nylon [illegible] fabric [illegible] and [illegible] skirt and a [illegible] evening suit in pink with pink fox [illegible].

Frances Davies' pale green cotton print trapeze evening dress, with a [illegible] bare [illegible], was Canadian designing [illegible] at its best.

Contrasted with haute couture designs was a cruise dress which retails at $3.98.

Bringing Up Baby

HINTS COLLECTED BY MRS. DAN GERBER, MOTHER OF 5

It's certainly amazing how baby care ideas have changed in the past 30 years. In the so-called good old days strict routine was often put above reasonableness. Today's modern parents however follow their hearts as well as their heads — and letting wheels become more important than baby's real need for affection. They have found love often works more miracles than by the book rules.

* * *

"What is a Baby?" You'll find out in the most delightful way when you get the exclusive Gerber recording called "What is a Baby" narrated by Rosemary Clooney, charming TV star and mother of 3. It's an enchanting biography of your baby and all babies set to delightful music and told with the whimsey all parents will understand. On the other side Miss Clooney sings 2 favorite lullabies "Close Your Eyes" and "All the Pretty Little Horses".

For your copy of this 7 inch 33⅓ Lp Columbia record of "What is a Baby" send 50c and 6 labels or boxtops to Dept. R, Gerber Baby Foods, Box 402, Terminal A, Toronto, Canada. Offer expires Dec. 31, 1958.

* * *

"Parking laws." If you park baby in the back yard for a little snooze, make sure his buggy is sheltered from the wind and directly in sight. Important. Always brake the carriage so it can't roll down a possible incline. Check on the little napper from time to time.

* * *

"Stopping stones" to strength. Proteins for strength, growth and the development of all body structures, say the experts. Gerber Strained Meat Dinners contain body building proteins so vital to your growing baby. Gerber Meat Dinners start with selected meat, combined into one main dish with vegetables and cereal. Baby gets these important Food Groups in a tasty and nourishing form. Choose from 7 tempting varieties: Beef, Beef Noodle, Chicken, Chicken Rice, Veal, Turkey, Liver and Bacon. DISCOVER BEAUTIFUL B.C. THIS CENTENNIAL YEAR

Come to the Kootenays
for the grandeur and the glories
of an unspoiled vacationland

Timbered mountains, snow-capped heights, a myriad of lakes and streams, the Kootenay country in the eastern part of our province is nature's showplace in our western wonderland. Here – the nimrod finds more kinds of big game that may be hunted than in any other part of the world. Here – the fisherman, the camper, the outdoor photographer find a paradise for their pleasures. Here – the very names of places read like music on your road map: Invermere and Windermere, Ta Ta Creek and Skookumchuk, Fernie and Kimberley. Picnic sites, campsites, hotels and motels – take your pick, they're all here. In Kootenay National Park, a hundred square miles of breath-taking beauty, bungalows and auto courts, cabins and lodges await your arrival.

Here, too are dozens of Centennial events and celebrations from "Theatre Under the Moon" in West Revelstoke all through July and August to pageants and plays and barbecues and bonspiels.
So come to the Kootenays this Centennial year – for all that nature offers, for all you could wish for in your holiday.
This newspaper can give you the List of newest Centennial events to be held in the Kootenays.

B.C. CENTENNIAL COMMITTEE

MAKE A NOTE OF THESE SPECIAL CENTENNIAL EVENTS:

Stage Coach leaves Victoria for Barkerville—May 8.
Canadian 10-Pin Bowling Championships, Victoria—May 16-18.

TV TALK

By Bruce Lowther

A major Hollywood movie studio may sell its post 1948 movies to TV soon, says Oliver Unger, head of National Telefilm Associates, which distributes old movies to television stations.

All studios are supposed to give movie reeds from sales to TV but Unger indicates this one will get around that by going out of the movie making business. He also predicts that by 1961, all pre- and post 1948 movies will have gone to TV and been used to extinction. After that TV will have to make its own feature films, using video tape for lasting quality.

* * *

Another major development is quick settlement yesterday of the one day old strike of the 10,000 cameramen, cartoonists, editors and technicians who make most filmed TV commercials. They won from the 35 companies making the commercials full jurisdiction over video tape, which the workers think means unemployment for many unionists.

* * *

TV BITS: Quite a bit of good viewing today, being the lightweight title fight the two Kraft plays a Steel Hour drama "Old Victoria" on the B.C. story and the movie "Court Martial."

NBC announced yesterday that a plea for letters has failed to save the moribund Matinee Theatre. It will be replaced June 30 by two soap operas, Today's Ours and From These Roots. The same network, having been unable to fit Dody Goodman anywhere, has booked her on the Bandstand Lodge show and in some summer stock. ... ABC has Orson Welles drama series set for the Sid Caesar time slot next fall with CBS's G.M. Theatre running right after it. That leaves no room for Mike Wallace ... Wallace, by the way, has offered FBI chief J. Edgar Hoover equal time to reply to Cyrus Eaton's blast at the FBI last Sunday.

Chevrolet has laid out $10,000,000 for another season of Dinah Shore shows. ... Rawhide another western, is set to replace Robin Hood and Burns and Allen on CBS on Mondays next season. ... Tombstone Territory will move from ABC to NBC in the fall, while NBC takes Sgt. Preston from CBS. ... ABC will fill this particular gap with the new Donna Reed dramatic series.

Today's Highlights

2:00—New run for Frankie Laine (channel 12).

4:00—The Playboys sing on Bandstand (channel 5).

7:15—Victoria's chapter of The B.C. Story (channel 2).

First Sub-Killer Comes to Comox

COURTENAY — The first Neptune aircraft to replace the Second World War Lancaster aircraft now in operational duty with 407 Maritime Patrol Squadron at Comox has arrived at the Vancouver Island base, the air force announced yesterday.

The Neptune was flown from 405 Maritime Patrol Squadron at Greenwood, N.S., to the west coast. The Greenwood squadron is being equipped with the new Argus long-range anti-submarine aircraft as they arrive from Canadair in Montreal.

Additional aircraft will be arriving at Comox as they are made available from Greenwood.

Wing-Cmdr. W. D. Foster said there would be no change in the operational role of the Comox squadron with the new aircraft.

The squadron forms part of maritime air command with headquarters in Halifax. Its prime role is that of a maritime reconnaissance squadron, but it is also used on occasion as a long-range search and rescue unit. Ice patrol in the Arctic forms another duty of the squadron.

Wing-Cmdr. Foster said squadron personnel would commence training immediately on the Neptune aircraft and that if necessary aircrew training would be carried out at Summerside, P.E.I.

The Neptune was first introduced into the RCAF early in 1955. It is the RCAF'S answer to a requirement for a medium-range land-based anti-submarine aircraft capable of dealing with advanced development in conjunction with anti-submarine warfare.

It has a speed of more than 300 miles an hour and a range of more than 3,000 miles. It has a wing span of 104 feet and a gross weight of approximately 72,000 pounds.

Yemeni Forces Fire At Patrols in Aden

ADEN (Reuters) — Yemeni forces opened fire with heavy machine-guns across the frontier yesterday on British and Aden troops patrolling inside the Aden protectorate.

The troops launched patrols Monday night in the area of Jebel Jihaff, in the Ihala emirate, to control roads leading from the Yemeni frontier town of Qataba to the emirate.

The emirate was the scene last week of a rescue by British-led forces of a fort besieged by rebel tribesmen.

An official spokesman emphasized today that the British and Aden forces were staying within the boundaries of the protectorate. It was not known whether they returned the Yemeni fire.

The 75-square-mile port colony of Aden on the lip of the Arabian Peninsula is landbound by the Aden protectorate, a collection of skeikdoms and emirates in treaty relationship with Britain.

YOUR CHILD MAY HAVE WORMS
1 OUT OF 3 DOES!
Fidgeting, nose-picking and a tormenting rectal itch are often telltale signs of Pin-Worms . . . ugly parasites that medical experts say infest one out of every three persons examined. Entire families may be victims and not know it.
To get rid of these ugly pests they must be killed in the intestines where they live and multiply. And that's exactly what JAYNE'S VERMIFUGE does . . . kills Pin-Worms quickly and easily. Then they are expelled from the system in a normal manner and you are free of them.
For your own sake and the health of your children and loved ones, don't put off treatment. Get started with JAYNE'S at the very first sign of Pin-Worms. For once established these parasites are highly contagious and often spread through entire families.
So be sure to ask your druggist for JAYNE'S, famous for worm remedies for over one hundred years.

Retail Prices Up, Wholesale Down

OTTAWA (BUP) — Two gauges which reflect, or affect, the cost of goods and services to the consumer, are heading in different directions. The consumer price index is mounting without break. Wholesale price indices are falling.

The April price index rose to a new high of 125.3, a gain of 9 from the early March figure of 124.3 based on a 1949 level of 100.

The general wholesale price index, which covers some 600 basic commodities, rose between January and February from 226.8 to 227.7. However, the February figure of 22.7 is down by .7 from 228.4 for the same month a year ago.

Chinese Drought

HONG KONG (AP) — Red China's Hopei province has experienced a long drought. Radio Peiping reported 6,500,000 of the province's 14,000,000 acres of spring crops have been severely damaged.

First Atlantic crossing in both directions within 24 hours was made by an English Canberra jet bomber in 1955.

Across Canada on Horseback

Ron Drury of Willowdale, Ont., is on his way across the continent by horseback. He sold his car, bought a horse, rifle and fishing tackle and set out to see the country the leisurely way. When he gets to Vancouver, 3,200 miles from his starting place, he will then make up his mind to return by train, car or horseback. Feeding Gabe, his horse, is Thelma Fotherby.

Little Rock Integration

Prizes Reward Paper's Courage

NEW YORK (AP) — The school integration crisis in Little Rock, Ark., set the stage for three of the 1958 Pulitzer prizes in journalism.

Two of the prizes, which were announced Monday, were won by the same newspaper, The Arkansas Gazette of Little Rock.

Another was awarded to Relman (Pat) Morin, Associated Press reporter, for his coverage of integration violence last fall.

For "demonstrating the highest qualities of civic leadership, journalistic responsibility and moral courage," The Gazette won the prize for meritorious public service.

The newspaper's executive editor, Harry S. Ashmore, 41, won a prize "for the forcefulness, dispassionate analysis and clarity of his editorials" on the explosive situation.

Morin, a Pulitzer Prize winner in 1951, was cited for "his dramatic and incisive eye-witness report of mob violence on Sept. 23, 1957, during the integration crisis" at Little Rock's Central High School.

The other separate award in this category went to Clark Mollenhoff, 37, Washington correspondent for The Des Moines Register and Tribune and The Minneapolis Star and Tribune. He was cited for his investigation of labor racketeering.

A Death in the Family by the late James Agee and Look Homeward, Angel, adapted by Ketti Frings from the late Thomas Wolfe's novel, were named the best American novel and play of 1957.

Parksville Ratepayers Face Three-Mill Hike

PARKSVILLE — Parksville's tax rate has increased to 28 mills this year compared to 25 mills for 1957.

This amount is comprised of 12 mills municipal tax and 16 mills for school tax, an increase of two mills over last year's assessment. The municipal tax has risen one mill to take the place of the direct library tax.

It was announced that the public will be warned to use water with care from now on or sprinkling regulations will be enforced in the village.

Commissioners approved a plan to appoint a caretaker during fire season for the municipal garbage dump for Sundays and Wednesdays when residents are requested to take their garbage to the grounds.

Victoria-Barkerville Run Starts Thursday

★ ★ ★

With horses' hooves muffled by rubber shoes in deference to a century of progress in highway construction, B.C.'s centennial stagecoach run from Victoria to Barkerville will start on its way shortly after noon Thursday.

After picking up Lieut.-Gov. Frank M. Ross and Premier W. A. C. Bennett at the legislative buildings, the coach and accompanying outriders will head for city hall by way of Government, Yates and Douglas Streets.

The coach will arrive at city hall at 12.30 p.m., and commemorative scrolls will be presented to Mayor Percy Scurrah and to Reeve A. C. Wurtele of Esquimalt, Reeve Fred Norris of Oak Bay and Reeve Arthur Ash of Saanich.

Heading out the old Island Highway by Gorge Road, the coach and party will stop again at Craigflower School. There brief respects will be paid to another veteran of the same run—the old coach now standing in the school grounds.

At this point coach, horses and personnel will be loaded into trucks and cars and proceed to Duncan. (See story below.)

The party is due at Chemainus at 11.45 a.m. and there it is expected school children will be allowed to attend on grounds by the municipal building for an official welcome to the coach by Reeve C. A. P. Murison.

Frank Barnard, member of the stagecoach party who will present scrolls to mayors and reeves along the route, is a member of the family which originally ran the stage.

Reaching Ladysmith at 1.45 p.m., the stagecoach may be met by a number of vintage model cars and other vehicles of a bygone age. Here again it is hoped that school children will be on hand to help welcome the party at the city hall.

Back on trucks again, the coach will head for Nanaimo where it is due at 2.30 p.m. Friday.

Back on its own wheels and rubber horseshoes again, the coach will head for Northfield fairgrounds just outside Nanaimo. During this brief rest the coach and outriders will be on the alert for a possible "holdup."

Following the Nanaimo events the stagecoach and party will bed down for the night ready to load first thing Saturday morning for the ferry to the mainland.

The party is due to arrive at Barkerville May 21.

Parade, Reception, Gymkhana

Big Welcome Planned By City of Duncan

DUNCAN — The centennial stage coach, when it arrives in Duncan on Thursday, will be given a civic welcome.

Mayor J. T. Dobson will extend greetings from citizens of the district, and will be dressed in a costume of the period when the stage coach made its historic run.

Due to arrive at Pioneer Park at 7.45 p.m., the arrival of the coach will be preceeded here by a parade from the agricultural grounds to Pioneer Park.

Heading the parade will be the Sea Cadet Band followed by the Duncan Girls' Drill Team, and then a hay rack with musicians and singers from the George Bonner Secondary School at Mill Bay.

Then will come a buggy, drawn by a palomino stallion, drawing Mayor Dobson in his old-time costume. Following the mayor's conveyance will be a group of 25 or 30 riders in western costume, who will take part in a gymkhana at Pioneer Park while awaiting arrival of the stage coach.

At the park on arrival of the stage coach Mayor Dobson will be presented with a scroll. Re-enacting a page from the past a group of masked riders will stage a hold-up of the coach. They will remove a large treasure chest from the coach. This treasure chest will contain a large quantity of candy, which will be distributed to the children in the crowd.

The stage coach and its horses and riders will bed down for the night at the agricultural grounds. Arrangements for the reception of the stage coach were completed by C. R. West.

Alberni Fees Highest

ALBERNI — Alberni has the distinction of having the highest licence fees for carnivals in western Canada, according to a spokesman for Gayland Shows who appeared at council meeting Monday night.

John C. Williamson of Alberni Athletic Association asked council to reduce the licence fee charge to the carnival outfit in consideration of the fact that Gaylands, operating a three-day stand in Stirling Field, contributes $500 to the association and the high charge is likely to drive the carnival to unorganized territory.

The finance committee was given power to act on the request. The rate is $100 per day, plus $7.50 for each concession.

River Diversion 'Costly' to U.S.

WASHINGTON (AP)—Canadian proposals to divert Columbia River water into the Fraser River could result in a loss of electrical energy worth more than $50,000,000 a year at downstream power plants in the United States, a Senate subcommittee was told by Maj.-Gen. Emerson C. Itseffner, chief of army engineers for civil works.

Nanaimo Investigates Community Centre

NANAIMO—Steering committee has been set up to investigate the proposition by new Nanaimo magistrate Harold Hine that a new community centre be built in Nanaimo.

Mr. Hine explained the centre would cost $230,000. It would include a swimming pool.

Kinsmen Club has already offered to donate the proceeds of a car bingo June 18 if the plan is launched.

Ald. Haig Burns said that there is about $20,000 in trust for such a centre.

Named to the committee were Ald. Burns, Nat Martin, George Trobridge, Harold Hine, Reg Glover, Mrs. Mega McDougall, Jim Boulding, Mrs. Gene Koster, Mrs. Arnold Smith, Mrs. N. T. Bennett, Mrs. L. C. Hacking, Art Knight, Dan Sawyer, Les Mottishaw, Tuffy Williams and Bill Broughton.

Science Now Shrinks Piles Without Pain Or Discomfort
Finds Healing Substance That Relieves Pain And Itching As It Shrinks Hemorrhoids
Toronto, Ont. (Special)—For the first time science has found a new healing substance with the ability to shrink hemorrhoids and to relieve pain and itching. Thousands have been relieved with this inexpensive substance right in the privacy of their own home without any discomfort or inconvenience.
In one hemorrhoid case after another, "very striking improvement" was reported and verified by doctors' observations.
Pain was promptly relieved. And while gently relieving pain, actual reduction or retraction (shrinking) took place.
And most amazing of all—this improvement was maintained in cases where doctors' observations were continued over a period of many months!
In fact, results were so thorough that sufferers were able to make such statements as "Piles have ceased to be a problem!" And among these sufferers were a very wide variety of hemorrhoid conditions, some of even 10 to 20-years' standing.
All this, without the use of narcotics, anesthetics or astringents of any kind. The secret is a new healing substance (Bio-Dyne)—the discovery of a famous scientific institute. Already, Bio-Dyne is in wide use for healing injured tissue on all parts of the body.
This new healing substance is offered in suppository or ointment form called Preparation H. Ask for individually sealed convenient Preparation H Suppositories or Preparation H ointment with special applicator. Preparation H is sold at all drug stores. Satisfaction guaranteed or money refunded.
